Defense Language Institute English Language Center

Defense English Language Program Catalog and Security Cooperation Handbook

Since 1954, the Defense Language Institute English Language Center (DLIELC) has performed its mission to support the policies and objectives of the US Government and the US Department of Defense (DoD). DLIELC started as the US Air Force Language School; its primary mission was to teach English to allied pilot candidates. In 1966, its mission expanded to include other career fields, and the school moved under the DoD, with the US Army as the executive agent. DLIELC assumed its present form in 1976 when the USAF became the executive agent.

The resident campus, located at JBSA-Lackland, Texas, includes headquarters and academics facilities, a learning resource center and library, dining hall, officer and enlisted quarters, student administration building and a conference center. Small classrooms, equipped with the latest in training technology, are specifically designed to support student-centered instruction. In addition, the DLIELC curriculum meets the diverse needs of the adult military population with courses that address the specific language requirements of the students' career fields.

This guide, published annually, is a reference for planning, scheduling and conducting English language training in support of the Security Cooperation Training Program. This publication supersedes the FY20 DLIELC *English Language Training Support for Security Cooperation Organizations Handbook, Courses and Catalog*, October 1, 2019.

ACCREDITATION

The Defense Language Institute English Language Center (DLIELC) is accredited by the Commission on English Language Program Accreditation (CEA) and agrees to uphold the CEA Standards for English Language Programs and Institutions. CEA is recognized by the US Secretary of Education as a national accrediting agency.

For further information about this accreditation, please contact the Commission on English Language Program Accreditation, 801 N. Fairfax St., Suite 402A, Alexandria, VA 22314, (703) 519-2070, www.cea-accredit.org.

DoD Policy on Security Cooperation — Sponsored English Language Training (ELT)

1. DLIELC has responsibility for and exercises operational and technical control over the Defense English Language Program (DELP) that encompasses all DoD English Language Programs including courses conducted for US personnel and international students under the International Military Education and Training (IMET) Program and Foreign Military Sales (FMS), and DoD-funded security cooperation programs in CONUS and OCONUS.
2. As a matter of policy, all Security Cooperation-sponsored CONUS ELT is conducted by DLIELC unless unusual or extraordinary conditions exist that would warrant exceptional ELT arrangements under FMS funding. No exceptions are permitted for IMET-funded ELT. To request an exception to FMS-funded ELT, a written justification for an exception to this policy must be submitted by the military departments (MILDEPs) to Defense Security Cooperation Agency Strategy Directorate/ Training Division (DSCA STR/TNG) prior to submission of Letters of Offer and Acceptance (LOAs) or LOA amendments to DSCA for countersignature. Waivers must be approved by DSCA.
3. If a DSCA waiver is granted, the waiver applies strictly to the scope of the proposed ELT program justified in the exception request. No change to the LOAs will be made to increase the student load or extend the duration of the ELT program without submitting a revised request to DSCA STR/TNG to include all information indicated below.

Information Required for a Decision to Conduct ELT by Other Than DLIELC

1. Explanation of the unusual or extraordinary conditions which would warrant training outside of DLIELC.
2. Complete information on the ELT to be conducted to include location, description of training facilities, number of students, training objectives, duration of the overall ELT program, and estimated cost.
3. Written statement that DLIELC will monitor the ELT to ensure that DLIELC technical standards in instruction, testing, and curriculum are being met and will perform a quality assessment once a year.
4. Written statement that funding is available for DLIELC to monitor and provide quality control of the proposed ELT, for FMS through the cases with an appropriate line item, or for other SC programs with a budgeted program line.
5. Written DLIELC review and recommendations on the proposed ELT exception.
6. Written IA and AF/A1D position on the proposed ELT exception.

Part II — English Language Testing

English Comprehension Level (ECL) Test

About the ECL

The ECL is the primary Department of Defense (DoD) measurement tool for assessing the general English language proficiency of non-native speakers of English scheduled for Security Cooperation-sponsored training, military accession programs, or participation in US-sponsored flying exercises.

Developed by the Defense Language Institute English Language Center (DLIELC) Test & English Testing Flight (332 TRS/ETF), the ECL is a controlled, four-option, multiple-choice test of listening and reading items; speaking and writing skills are not tested. With an emphasis on general English (not academic or technical), there are two ECL test formats: a paper-and-pencil, fixed-length test and an online, variable-length, computer adaptive test (*see Table 1, The ECL Test, below*). **An ECL score is valid for 105 days.** (Note: OCONUS candidates **must wait 30 days to retest** and cannot take more than **3 in-country ECL tests in a fiscal year.**)

Governing Regulations

Policy and procedures regarding the ECL are governed by **DLIELC Instruction 1025.15 (ECL Test Guidelines)** through the authority of **DoD Instruction 5160.71**.

The *Joint Security Cooperation Education and Training (JSCET)* prescribes policies and procedures for all Security Cooperation-sponsored education and training of military students (cf. **AFI 16-105, 3-Jan-11**).

The ECL and Candidate Selection

A student's background knowledge, experience, and aptitude in a specialty field are **not** tested on the ECL. However, the overall language competence a student demonstrates when completing specific tasks in a CONUS training setting is tested on the ECL. When considering candidates for CONUS training, it has been observed that:

1. a student's language ability may be stronger/weaker in some skills (reading, writing, speaking, listening) than in others;
2. students who have attended DLIELC *General English Training* and/or *Specialized English Training* typically demonstrate greater abilities at CONUS training than direct entry students because DLIELC graduates have experienced several weeks of acclimation and exposure to authentic language use while also taking classes in an intensive English language program;
3. students who have military specialty content knowledge and/or experience in their native language tend to have better success with both DLIELC *Specialized English Training* and CONUS training courses.

Required ECL Testing

All English language testing requirements for Security Cooperation-sponsored training and DLIELC training are available on the Military Articles and Services Listing (MASL), published to the Security Assistance Network (SAN) Web. ECL MASL requirements for courses are established by the US sponsor service/schoolhouse. The US sponsor service/schoolhouse and/or Defense Security Cooperation Agency (DSCA) have the authority to waive an ECL requirement.

Diagram 1 offers an overview of where ECL testing is required. Unless the International Military Student's (IMS) country is on the DSCA *Country Exemption Lists* (see page 20), IMSs are tested in country, and then again upon arrival at the first CONUS training site. Only recent DLIELC graduates (with an ECL score less than 105 days old) and students from countries listed as "countries exempt from *all* in-country and US testing" on the *Country Exemption Lists* will not be tested upon arrival at the first CONUS training site.

The following diagrams provide an overview of the processes of ECL testing in country (Diagram 2), at US service schools (Diagram 3), and at DLIELC (Diagram 4). For official guidance, consult the latest version of DoD Instruction 5160.71, JSCET regulations, DLIELC Instruction 1025.15, or contact 332 TRS/ETF (210-671-4889 / DSN 312-473-4889 or DLI.Testing@us.af.mil).

³ FOT = Follow on Training

⁴ If waiver request is denied, IMS returns to homeland, is reprogrammed per next footnote (5), or is extended.

⁵ IMS is programmed to a later FOT start date and sent to DLI ECL until required score is achieved.

How to Request ECL Testing

Only approved ECL sites with properly appointed Test Control Officers (TCOs) or Alternate TCOs (ATCOs) can obtain ECL materials. TCOs and ATCOs are:

1. appointed by the installation commander or SCO through a *Appointment Letter* of TCO Appointment (see page 12), which is sent to 332 TRS/ETF,
2. US citizens working directly for the US government,
3. in the grade of E-5 or above, GS-05 or above (or equivalent),
4. required to follow all test protocol detailed in DLIELC Instruction 1025.15.

Once approved, sites are encouraged to test online; however, if that is not feasible, with paper-and-pencil materials. To test online, sites must meet the hardware and software requirements established by DMDC and published in the *Web-Based Defense Language Testing ECL User's Guide*. Sites should contact the designated ECL Test Site Monitor at 332 TRS/ETF for guidance.

To test with paper-and-pencil materials, TCOs or ATCOs **must request new materials for the fiscal year**. To request new test materials:

1. Sites must be in compliance with **DLIELC Instruction 1025.15 before** new materials are released.
2. TCO/ATCO submits the annual *ECL Request Form* (see page 13) to the designated ECL Test Site Monitor.
3. DLIELC mails new ECL test materials to TCO via certified mail.
4. TCO/ATCO inventories the materials upon receipt and sends a signed copy of the packing list to the designated ECL Test Site Monitor as confirmation.
5. TCO forwards all used answer sheets **on a monthly basis** to:
332 TRS/ETF
2235 ANDREWS AVE
JBSA-LACKLAND, TX 78236-5259

NOTE:

- 1) ECL materials are destroyed by TCOs/ATCOs at the end of each fiscal year, but not before the new fiscal year's materials have arrived.
- 2) See DLIELC Instruction 1025.15 for the regulations governing this process.
- 3) All forms needed are available online at www.dlielc.edu/testing/ecl_test.php.

Expired ECL tests (i.e., from a previous fiscal year) and scores (i.e., 105 days or older) are not valid for IMSs attending DLIELC. Failure to use valid ECL tests and scores on the ITOs may result in the IMS being:

1. recalled homeland, *or*
2. delayed in training.

For more information visit the ECL website (www.dlielc.edu/testing/ecl_test.php) or contact 332 TRS/ETF (see inside front cover for contact information).

American Language Course Placement Test (ALCPT)

About the ALCPT

The ALCPT is developed by 332 TRS/ETF for military and government English Language Training Programs (ELTPs) around the world. It is designed to measure English language ability levels through listening and reading items. The ALCPT is equivalent to the paper-and-pencil ECL in content and format (see also Table 2, *ECL* vs. *ALCPT*).

Table 2. ECL vs. ALCPT

ECL	ALCPT
• English language proficiency exam	
• TCO controlled for test security	
• 100 items: 66 listening, 34 reading (approx. 1 hour)	
• Scores correlate	
• No cost to approved sites	• Purchased by approved sites
• TCO/ATCO must be US citizen working for US Government	• TCO/ATCO is locally appointed by ELTP
• Directly monitored by 332 TRS/ETF	• Not directly monitored by 332 TRS/ETF
• Forms don't expire; 15 forms available	• Forms don't expire; 25 forms currently available (see <i>FY20 Catalog Materials, Courses, and Support</i>)
• Valid for MASL & OPI requirements	• Valid for OPI requirement of ECL-exempt countries only
	• Used in ELTPs (placement & exit/grad.)
	• Used to screen for ECL readiness

The ALCPT and Candidate Selection

The ECL and the ALCPT are statistically equivalent (with a correlation of .95 or higher). When administered under secure, controlled conditions, the tests yield comparable scores. The ALCPT is used:

1. to screen candidates for readiness to take the ECL test, and
2. as an alternative to the ECL requirement *for ECL-exempt countries needing an OPI test*.

The ALCPT is NOT used for ECL practice or training, promotion or bonus systems, etc. Sales of the ALCPT are considered site-specific. ALCPT tests CANNOT be used at, transferred to, or moved to another location.

How to Request the ALCPT

Because the ALCPT is a US government language test, its sale must be approved by 332 TRS/ETF (the sole source for procurement of all ALCPT materials). ALCPT requests require:

1. 332 TRS/ETF Approval – Complete the *ALCPT Approval Request* form (on page 16) or online at www.dlielc.edu/testing/ALCPT_Approval_Request_form.pdf and email it to 332 TRS/ETF.
2. 637 ISS/INF Purchase Assistance – Contact DLIELC Nonresident Programs Division (I) for consultation on purchase orders (see contact on inside front cover of this handbook).

For more information visit our website (www.dlielc.edu/testing/alcpt_test.php) or contact 332 TRS/ETF (see inside front cover for contact information).

Oral Proficiency Interview (OPI)

About the OPI

The OPI is the DoD measurement tool for assessing the interactive, speaking/listening English language proficiency of non-native speakers of English scheduled for Security Cooperation-sponsored training, as well as for selecting, placing or reclassifying US military personnel, or for determining their English language competency for certain courses or jobs. Additionally, the test can be used to determine the eligibility of international participants in military flying exercises and accession programs.

Governing Regulations

Policy and procedures regarding the OPI are governed by **DLIELC Instruction 1025.9** (*OPI Program Guidelines*) through the authority of **DoD Instruction 5160.71**.

The English language OPI is a conversation-like test of listening/speaking skills conducted by two certified raters either by telephone or face-to-face. The OPI assesses language ability in accordance with the Interagency Language Roundtable (ILR) skill level descriptions, which characterize spoken language use and comprehension. (For more information about the ILR descriptions, please see www.govtilr.org/index.htm).

During the interview, candidates are asked to discuss a variety of topics, ask and answer questions, verbally handle situations, etc. **OPIs are not tailored to technical or other specific skill sets.** OPI ratings range from 0-5 (0+, 1+, 2+, etc.) and are reported as a two-digit score (e.g., 2+/2) where the first digit is the listening comprehension score and the second digit is the speaking score. (see *Table 3. The OPI Test*, below). An **OPI score is valid for 180 days**. Non resident candidates **must wait 90 days to retest**.

How to Schedule an OPI

A qualifying **ECL score is required to schedule an OPI**. OPI and corresponding ECL requirements are established by the US sponsor service/schoolhouse, which then has the authority to waive an OPI requirement.¹

Candidates with an OPI prerequisite **must be tested in country** or receive a waiver from DSCA and/or the US sponsor service/schoolhouse **prior** to their arrival at DLIELC or their first CONUS training site. See Diagram 5, *OPI Testing* on the next page, which displays an overview of the process. For official guidance, consult DLIELC Instruction 1025.9 or contact the OPI Coordinator at 332 TRS/ETF (210-671-5428 / DSN 312-473-5428 or OPI@us.af.mil).

At least 15 US business days in advance of the target test date, the SCO completes the *OPI Request Form* and submits it to OPI@us.af.mil. The *OPI Request Form* is available online at www.dlielc.edu/testing/OPI_Request_Form.pdf.

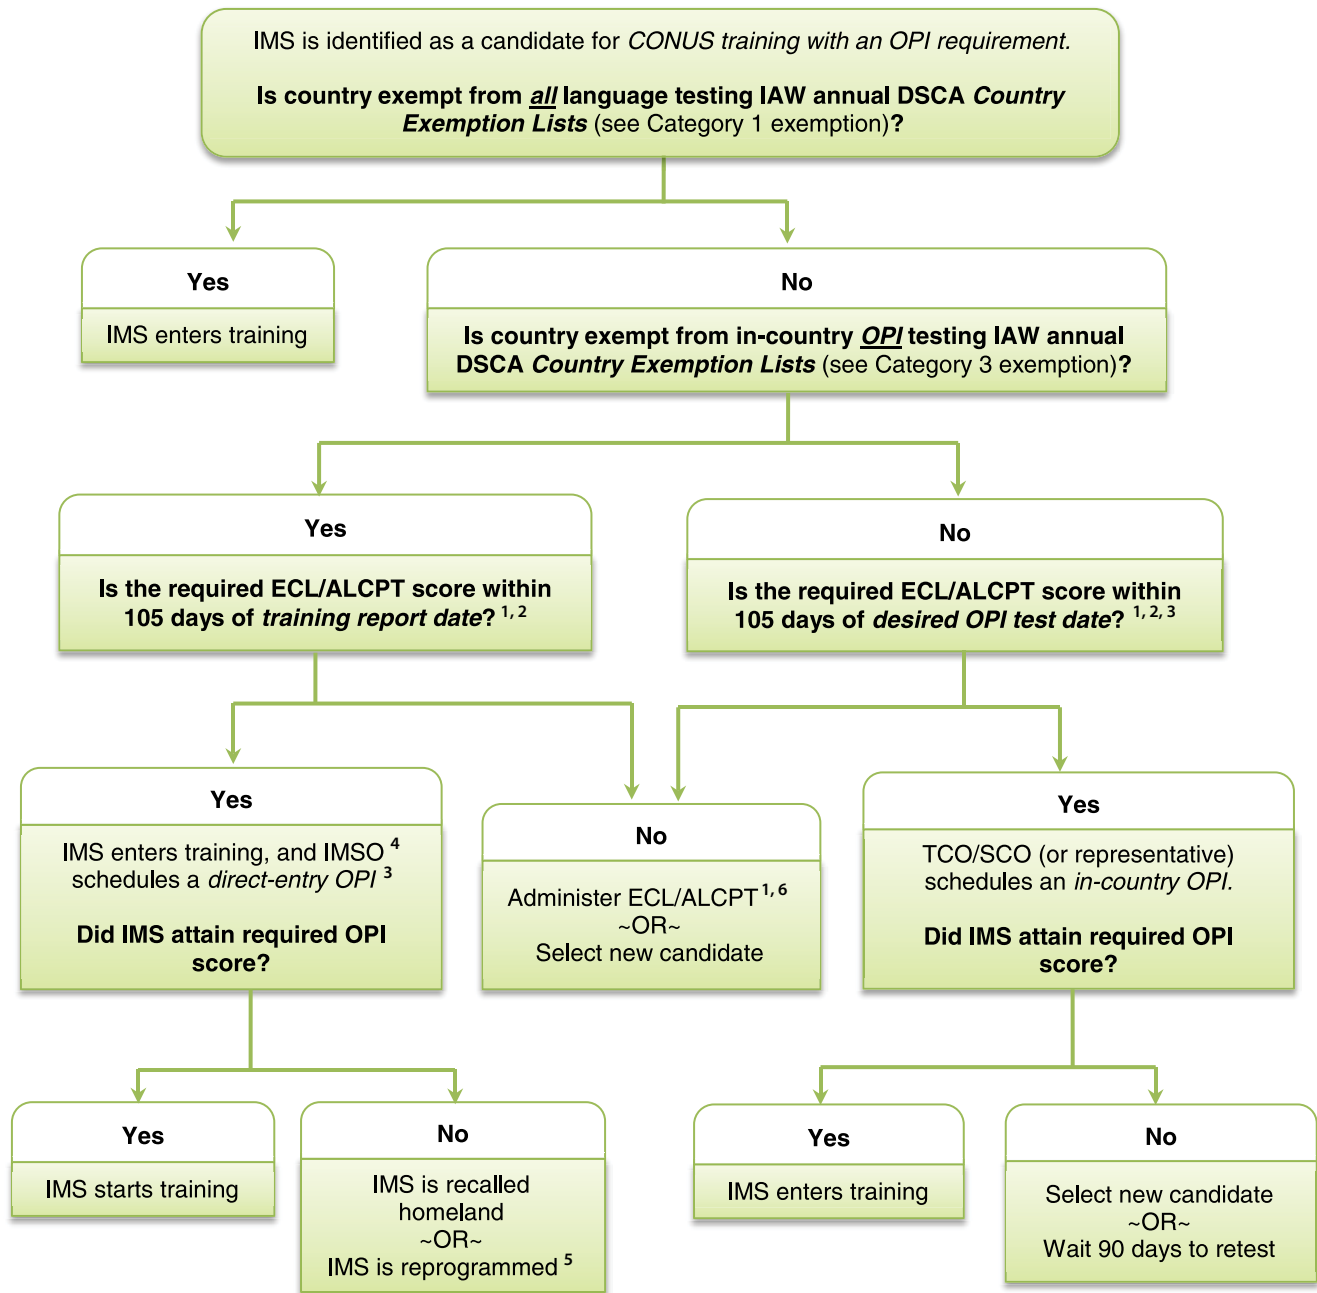

- NOTE:**
- 1) A scheduled OPI will be cancelled if the call to DLIELC is more than 20 minutes after the scheduled interview time.
 - 2) Scores are released to SCOs/TCOs by email usually within 2 working days.
 - 3) OPI testing is limited to two tests per site, per day, and one candidate per week.
 - 4) SCOs agree to follow all test protocol detailed in DLIELC Instruction 1025.9 and in the appointment confirmation email sent by the OPI Coordinator. If protocol is not followed, an OPI may be terminated and declared to be invalid.
 - 5) The test proctor must remain in the room with the candidate until the test is complete.

If a high volume of OPIs is needed, a TDY can be requested from the Chief of 332 TRS/ETF (210-671-4889 / DSN 312-473-4889 or DLI.Testing@us.af.mil).

For more information visit the OPI website (www.dlielc.edu/testing/opi_test.php) or contact the OPI Coordinator (210-671-5428 / DSN 312-473-5428 or OPI@us.af.mil).

¹ The Chief of 332 TRS/ETF has the authority to waive the 90-day wait period before retesting; however, if granted, the waiver usually entails at least a 30-day wait period before retesting.

Diagram 5. OPI TESTING

¹ Countries with an ECL exemption may administer an ALCPT in lieu of an ECL for a qualifying ECL score (see Category 2 exemption of the Country Exemption Lists).

² ECL Test Control Officer mails used ECL answer sheet(s) on a monthly basis to: 332 TRS/ETF, 2235 Andrews Ave, JBSA-Lackland, TX 78236-5259.

³ Ensure that ECL score is also within 105 days from training report date. Otherwise, IMS must retake ECL before entering training.

⁴ IMSO = International Military Student Officer

⁵ IMS is programmed to a later Follow-on Training (FOT) start date and sent to DLIELC until required score is achieved.

English Language Testing Exemptions

Country Exemption Lists

The FY20 Country Exemption Lists for English Comprehension Level (ECL), Test of English as a Foreign Language (TOEFL), and Oral Proficiency Interview (OPI) (or Country Exemption Lists, for short) will remain in effect until further notice. When the new Country Exemption Lists message is available, DSCA sends notification to DLIELC, Combatant Commands (CCMDs), and the MILDEPs. The current Country Exemption Lists memo is available on the SAN Web home page and at www.dlielc.edu/testing/dsca.pdf.

How to Request a Country Exception

To request an exemption from the *Country Exemption Lists* policy memorandum, see the procedures included in the memorandum itself.

Part III — Resident English Language Training Program

This section provides information on DLIELC's resident ELT programs. Specifically, it addresses the American Language Course (ALC), Advanced English Training, and ELT course programming information for FY21/22.

American Language Course

The ALC, published by DLIELC, is designed to teach English as a foreign language (EFL). The objective of the course is to provide students with a sufficient level of fluency and communicative proficiency in English to enable them to successfully pursue technical or professional training in schools conducted by the DoD. ALC materials are geared for students from a wide variety of linguistic and cultural backgrounds. The materials are available for nonresident purchase and are currently used in more than 70 countries worldwide. Information on how to obtain these materials can be found in this document or on the DLIELC website, www.dlielc.edu.

The ALC is divided into two phases: General English Training (GET) and Specialized English Training (SET). Students may enter GET only, SET only, or a combination of GET and SET. PME Prep courses are offered in Advanced English Training (AET) and have specific start and end dates. Those who enter SET or AET must first meet all language proficiency requirements, including required ECL score and OPI ratings, either in their countries before coming to DLIELC or through their GET courses. Following graduation, students proceed to their FOT.

General English Training (GET)

The purpose of GET is to raise a student's English language proficiency to the level required to enter SET, or FOT programs, such as DLIELC courses offered in Advanced English Training for instructors and other language specialists. Students can also be programmed for GET in advance of attending AET PME Prep courses that have strict entry requirements due to the challenging nature of CONUS Senior PME Courses.

The GET of the ALC consists of materials designed to conform to classroom group learning and individualized, computer-based training. Small classes at DLIELC ensure that students have ample opportunity to participate in classroom activities. Upon entry, students are grouped homogeneously according to their ECL scores. Achievement tests (book quizzes and performance evaluations) and the ECL are regularly administered to evaluate students' mastery of the objectives and their progress in the language. Students are expected to demonstrate progress at a rate determined by their required ECL scores and the time allotted to their training. They are also expected to complete all classroom assignments and two or more hours of homework each evening. Students experiencing academic problems receive counseling and supplementary language training as warranted. When students do not meet their ECL requirements, DLIELC recommends to the sponsoring service that their training time be extended or that the students be returned to their countries.

The General English materials consist of 34 books divided into 6 levels. Levels I through V consist of six books each; Level VI has four books. The Placement Guidelines Chart below contains average ALCPT/ ECL scores for each book.

ALC Placement Guidelines

* ALCPT scores of 29 or below cannot be considered valid indicators of a test-taker's ability. The ECL and the ALCPT are statistically equivalent, with a correlation of .95 or higher.

Books 1-30 focus on four areas: functions, grammar, skills, and vocabulary. Functions are the ways we use a language to communicate. There are exercises in the lessons that show the student how and when to use certain words, phrases, and sentences in particular situations. The grammar structures presented in the lesson are the forms the student needs in order to communicate correctly. Skills exercises are designed to improve the student's listening, speaking, reading, and writing skills. Finally, the vocabulary section provides the words and expressions the student will need to accomplish the functions and the grammar exercises. Each instructional package for Books 1-30 consists of the following materials:

Student Text

Instructor Text

Language Laboratory Activities Text

Audio CDs / DVD kit

Book quizzes

ALC Level VI (Books 31-34) is designed to develop students' skills in the areas of listening, speaking, reading, and writing. Level VI employs student-centered activities through the use of authentic readings, authentic audio and video recordings, a Resource Book, and computer based training (CBT). Each book has performance evaluations made up of several components: (a) group discussion, (b) briefing and/or paragraph writing, and (c) a multiple-choice listening and reading quiz. Books 31-34 may be taught in any sequence; each book is written at the same skill level but varies in regard to theme. Each instructional package for Books 31-34 is composed of the following materials:

Specialized English Training (SET)

SET is a nine-week program designed for students who already have a strong proficiency in general English. SET materials emphasize the language skills necessary for, and the technical terminology of, a particular military occupational specialty such as flying, ordnance, or electronics.

The SET phase of the ALC consists of modular materials designed to meet the English language skill needs of students scheduled to attend training in a variety of specialty fields. These specialty fields are identified by SET codes. All students begin the nine weeks of training with Module 101, Orientation to Specialized English. SET continues with code-specific training for the scheduled FOT. Various combinations of the SET materials are used to prepare students for a wide variety of FOT environments. In each specialty, there are one to seven specific modules addressing reading comprehension, specific speaking formats, and formal writing skills for those scheduled for mid- and senior management training. Students conclude SET with Module 109, Transition to Follow-On-Training.

SET PROGRAM

WEEKS 1–9 (Ref: Summary of DLIELC General and Specialized English MASLs for Diploma Requirements, pages 31-32)		
Students begin with Module 101 <i>Orientation to Specialized English</i>	Language skills development continues through the use of code-specific modules	Students end with Module 109 <i>Transition to Follow-On Training</i>

NOTE: The code-specific modules depend on the scheduled FOT, as specified in ITO.

Scheduling decisions depend upon such factors as experience, military service, FOT site, and educational background. SET materials—designed for use in an intensive language training program—are typically taught in classes of six to eight students.

Students in flight-related or language-critical training (e.g., undergraduate pilot, advanced flying, instructor pilot, experimental test pilot, public affairs officer, etc.) have oral proficiency requirements (determined by the FOT) ranging from 2/2 to 2+/2+. These students are given an OPI before entering SET. The purpose of this assessment is to rate the students' overall listening comprehension and speaking proficiencies and ensure students are able to satisfy rigorous FOT requirements. **The OPI requirements must be met before entering SET.**

The DLIELC e-Wheel Programming Guidance

The DLIELC e-Wheel is an internet-based electronic programming guidance designed to provide Military Departments (MILDEPs) and Security Cooperation Officers (SCOs) with greater accuracy in programming English language training. The e-Wheel calculates estimated time in training at DLIELC to achieve ECL scores and complete courses based on historical data from 1997 to 2013 and linguistic distance between English and the student's native language. SCOs and MILDEPs are highly encouraged to use the e-Wheel to determine estimated time in training for International Military Students (IMSS) attending DLIELC.

How to Use the e-Wheel in 3 Easy Steps

STEP 1: To access the DLIELC e-Wheel, go to:

<http://www.dlielc.edu/DLICourseEstimator/index.html>

You can also access the link on the DLIELC website at www.dlielc.edu.

For optimal capability, we **highly recommend** downloading the most current browser version on your computer or Smartphone.

STEP 2: To show the estimated number of weeks for a student **to achieve the required English Comprehension Level Score (ECL)**, select the country of the student, the in-country ECL score range, and the required ECL score from the drop-down menu. Click on ***Calculate***.
(See *image A on the next page*.)

If the student needs to attend **Specialized English Training (SET)** and/or **Oral Proficiency Skills for Aviation (OPSAV) courses**, select the ***Yes*** button for one or both courses. Then, click on ***Calculate*** and the e-Wheel will compute the estimated number of weeks in training to achieve the required ECL score and complete the Specialized English language training and/or OPSAV course.

This course is designed to help students achieve the necessary oral proficiency level for success in both their SET and FOT. The course offers extensive practice in pronunciation, global speaking proficiency, and listening comprehension within a variety of contexts and a wide range of formats in order to achieve a 2/2 OPI requirement.

- Notes:
- 1) If candidates ECL qualify in country, it is strongly recommended that they be administered a telephonic OPI in their homeland prior to scheduling them for this course. If they achieve the required OPI score for their FOT, they don’t need to be programmed for the OPSAV course. They should ONLY be programmed for a maximum of ten weeks in MASL D177024.
 - 2) This course is a MINIMUM of 10 weeks in length. However, it is variable because students can be moved out of OPSAV and into SET as soon as they achieve their required OPI ratings.
 - 3) Students must meet the ECL requirement for FOT prior to entrance into the OPSAV course and they must meet the OPI requirement before they are moved into SET—even if in specific cases the ECL and/or OPI requirement(s) have been waived by FOT.
 - 4) If FOT waives one or both requirements, MILDEP must submit a separate waiver request (AETC-6 form, formerly known as IMT-6) to DLIELC for approval to allow the student to enter SET, with the understanding that the student will *not* receive a diploma.

SUMMARY OF DLIELC General and Specialized English MASLs

MASL #	COURSE(S)	MIN # of WKS for DIPLOMA	DESCRIPTION
D177027	General English Only (GET)	10 wks	The purpose of GET is to raise IMS's English language proficiency to the required level. Advanced English Training (AET)

In addition to General and Specialized English training, DLIELC offers Advanced English Training (AET) for higher-level students. AET courses target advanced language proficiency, instructor development, and professional development.

Advanced Language Development courses (PME Prep, ALPS I, II, and III) employ an integrated curriculum that increases students' language proficiency in listening comprehension, speaking, reading, and writing. Additionally, students develop their critical thinking skills and increase their knowledge of American culture. Advanced Language Development courses are ideal for instructors, NATO and international posting candidates, translators, interpreters, and candidates for professional military post-graduate studies.

Instructor Development courses like the Basic American Language Instructor Course (BALIC), the Advanced English Language Instructor Course (AELIC), and the Methodology and Culture Seminar (MACS) are designed to provide training and practice in English as a Foreign or Second Language (EFL/ESL) methodology for novice as well as experienced instructors. These courses provide advanced instruction in grammar and phonology and are designed to improve an individual's proficiency in listening comprehension, speaking, reading, and writing. Familiarization with American culture, along with learning how to incorporate cultural knowledge into the teaching process, is also emphasized.

Professional Development courses such as the Materials Development Seminar (MDS) allow English language specialists to become familiar with different phases of the curriculum development process used at DLIELC. The principles and practices involved in establishing and managing language training programs are covered in the Managing English Language Training (MELT) course.

Charts on the following pages contain a quick reference to the entry and graduation requirements for all AET courses. Detailed descriptions of each course appear after the charts.

The fiscal year charts at the end of this section provide a visual representation of the training calendar to aid student programming for multiple courses. Please note that all class dates are subject to change.

Important Notes:

1. **There are no waivers to the entry requirements for Advanced English courses.**
2. **Candidates programmed for direct entry into AET must meet their ECL and/or OPI requirements in country prior to arrival at DLIELC. Schedule a telephonic OPI well in advance of the course start date (OPI scores are valid for six months).**
3. **Students who do not meet AET entry requirements will be transferred to General English. Return to AE cannot be guaranteed and will be determined on a case-by-case basis.**
4. **Students may be programmed for two or more consecutive AET courses to meet individual training needs. Consult the Notes section on course description pages to see which course combinations are *not* allowed.**
5. **Classes may be cancelled 30 days prior to the start date if the minimum enrollment is not met.**

Courses for Advanced Language Development

Professional Military Education Preparation (PME Prep) Course

MASL: D177014

Course Length: 9 weeks

Entry Requirements: 80 ECL

Minimum Enrollment: 4

PME Prep aims to develop the upper-level academic and language skills needed for International Military Students to succeed in PME courses. Students practice all four language skills (listening, speaking, reading, and writing) and learn to deal linguistically with challenging military topics through formal and informal discussions, presentations and military-style briefings. Each student will assume the role of group discussion leader, learning how to plan, lead, monitor, and mediate wide-ranging discussions. In addition, each participant will acquire a firm foundation in all aspects of PME research-paper writing, including the drafting process, referencing, organization, and mechanics. To help trainees cope with the demands of writing at FOT, practice writing an essay-length assignment will be followed by a more extensive formal research paper.

PME Prep Note: Specialized English Training (SET) academic modules may be programmed for students who require training outside these course dates or in the event of insufficient enrollment.

Advanced Language Proficiency Skills (ALPS) Courses

ALPS courses are intended for English language instructors, NATO personnel, translators, interpreters, candidates for professional military postgraduate studies, and other military members and civilian personnel. These courses are designed to increase communicative competence in all four language skills (listening, speaking, reading, and writing) as well as to increase familiarity with US culture.

ALPS I

MASL: D177018

Course Length: 12 weeks

ALPS I emphasizes development of English language skills through class discussion, with a focus on contemporary issues. The course material builds foundational academic language skills and is geared toward intermediate students who need to increase their accuracy, high-frequency vocabulary, and basic grammar structures. Theme-based content and projects are based on everyday topics and current events. Students have daily opportunities to practice and improve all four language skills through readings, authentic listening, paragraph writing, classroom discussions, and presentations.

ALPS I Notes:

1. Recent graduates of follow-on training, AELIC, MDS, or MELT may **not** attend ALPS I.
2. Students who have completed GET/SET training but who have not achieved a required 2/2 OPI rating may be scheduled for ALPS I.
3. Students entering ALPS I with a 2/1+ OPI rating will receive a maximum of two OPIs while in residence in order to meet the 2/2 diploma requirement.
4. Students may attend ALPS II immediately after ALPS I if desired.

Integrated language skill tasks are derived from academic tasks required at Professional Military Education sites. Theme-based content and projects move from concrete to abstract topics as the course progresses. Students will facilitate and participate in group discussions, give presentations, read and listen intensively and extensively, take notes, and write essay-length material using common academic rhetorical patterns.

Instructor Development Courses

DLIELC offers a variety of courses designed to enhance the skills of international English language specialists—personnel dedicated to English language teaching, program management, and course/test development. In addition to the courses described below, DLIELC recommends that English language specialists continue to work on their own language proficiency by enrolling every two or three years in an ALPS course appropriate to their current level.

Basic American Language Instructor Course (BALIC)

MASL: D177007

Course Length: 24 weeks

Entry Requirements: 80 ECL

Minimum Enrollment: 6 (max 30)

BALIC is designed to provide military and civilian personnel who are teaching non-native speakers of English with a strong foundation in the field of ESL/EFL so they can teach English in their countries. The course is divided into three major blocks of instruction, each providing participants opportunities to improve their English proficiency in each of the four skills (listening, speaking, reading, and writing) as well as to increase their knowledge of grammar, vocabulary, teaching fundamentals, linguistic functions, American culture, and the materials of the American Language Course (ALC). In addition to observing ESL instructors teaching classes in DLIELC's General English section, participants are also afforded numerous practice-teaching opportunities using the ALC materials.

BALIC Notes:

1. Students will receive a maximum of two OPIs while in residence in order to meet the diploma requirement rating of 2/2.
2. BALIC graduates must wait two years before attending AELIC or MACS.

Course Length: 16 weeks

Entry Requirements: 85 ECL

2/2 OPI

Completion of BALIC or proof of teaching degree (or equivalent)

Minimum Enrollment: 6 (max 30)

AELIC is designed for BALIC graduates or those who can provide proof of a recent teaching degree (or equivalent) AND two years of recent experience teaching English as a Foreign or Second Language in their countries. The course is divided into two blocks of instruction: skills and methodology. The purpose of the course is threefold: 1) to acquaint students with current language teaching theory and methodology for classroom applications, 2) to provide opportunities for students to discuss and demonstrate best classroom instructional practices, and 3) to develop proficiency in all four language skills. Objectives include learning to deliver student-centered and communicative lessons through classroom observations of experienced ESL instructors, identifying and adapting instruction to diverse learning and teaching factors, and understanding the historical methods and approaches of ESL instruction and assessment.

AELIC Notes:

1. Students must be ESL/EFL instructors with at least two years of experience.
2. Students must have completed BALIC or have a teaching degree (or equivalent).

Professional Development Courses

Course Length: 8 weeks

Entry Requirements: 80 ECL

2/2 OPI

Minimum Enrollment: 6 (max 16)

Designed for experienced ESL/EFL instructors, MACS focuses on expanding participants' knowledge of culture in general and US culture in particular so they can teach English in their countries with increased cultural awareness and confidence. Activities on a range of topics such as family life, education, government, and the military present US customs and values within a framework that allows participants to compare and contrast US culture with their own. In addition, participants explore ways to handle the cultural aspects of language acquisition and to better prepare their students for training opportunities in the US and/or interactions with American military and civilian personnel stationed abroad. Teaching strategies for incorporating aspects of US culture into the American Language Course (ALC) will be examined and practiced through peer-teaching opportunities. Regularly scheduled tours and classroom observations of ESL instructors in DLIELC's General English section will supplement and further solidify information covered during the seminar.

MACS Note: Students must be ESL/EFL instructors with at least two years of experience.

Managing English Language Training (MELT)

MASL: D177013

Course Length: 8 weeks

Entry Requirements: 80 ECL

Minimum Enrollment: 6 (max 16)

MELT is an intensive professional development course designed for international leaders who are serving or will serve as language training program managers in their countries. It is a seminar consisting of readings, discussions, and presentations by subject matter experts related to leadership, security cooperation, and academic program management. MELT is also a workshop where participants explore and apply course content to develop a capstone project intended to inform their organization's continuous improvement program. Participants engage with DLIELC leaders in key positions and are challenged to think analytically about their language program, using industry best practices and DLIELC as an organizational model. This course enhances participants' abilities with practical knowledge and competencies required to administer, supervise, and lead an MLTP.

Materials Development Seminar (MDS)

MASL: D177030

Course Length: 8 weeks

Entry Requirements: 85 ECL

Needs Analysis worksheet (see below)

Minimum Enrollment: 6 (max 16)

MDS is designed for international English language specialists tasked with creating instructional materials. MDS is conducted as a seminar in which participants discuss and become familiar with different phases of the curriculum development process used at DLIELC. Particular emphasis is placed on course design, the writing of language objectives, and the development of targeted activities for the language classroom. Participants must have basic computer skills because they will develop their instructional materials electronically. Each participant is expected to arrive with a previously defined curriculum project that can be developed by the end of the seminar.

Time constraints rule out the possibility of developing assessments during MDS; however, participants may choose to create practice materials to prepare their students for assessments such as TOEFL or STANAG tests.

MDS Notes:

1. **IMPORTANT REGISTRATION REQUIREMENT:** Each MDS participant must define a project in advance by completing a Needs Analysis worksheet prior to arrival. Submit the completed worksheet within three weeks of enrolling. See complete instructions for the Needs Analysis worksheet at <http://www.dlielc.edu/org/332TRS/mds.php>
2. Students must have completed BALIC or AELIC or have a teaching degree (or equivalent).
3. Students must be ESL/EFL instructors or curriculum developers with at least two years of experience.
4. Students interested in developing STANAG preparatory materials should consider attending Observer Professional Training – English Language Proficiency Testing *before* enrolling in MDS.

- The DLIELC Testing Flight must approve the sale and requires a completed ALCPT Approval Request form.

For more information, see ‘American Language Course Placement Test (ALCPT)’ section in DLIELC SCO Handbook, Courses & Catalog, visit our website (www.dlielc.edu/testing/alcpt_test.php) or contact DLIELC/EFT (see inside front cover for contact information).

The Nonintensive American Language Course (NALC) materials were developed for adult international military students studying English fewer than 20 classroom hours per week. The materials include the most essential objectives from the intensive American Language Course. General, technical and military vocabulary, language functions, and grammar are covered. Each volume contains 30-32 lessons (approximately 4 hours of classroom instruction per lesson) and is supplemented by 30 audio recordings, one per lesson (each approximately 30 minutes in length).

The course consists of four volumes suitable for many four-year military academies and staff colleges. Like the intensive course, the NALC presents material in context.

Two quizzes (one mid and one final) and two forms of each quiz are available for each volume. The quizzes are sold in kits only. Each kit includes the following:

- 25 student booklets
- 1 audio CD
- 1 quiz scoring key

Part VI—Language Laboratory Systems

How to Obtain Language Laboratory Systems with IMET Funding

DLIELC recommends the procurement of a language laboratory after an appropriate number of instructors have been adequately trained and testing and training materials have been purchased. English Language Laboratory Systems (ELLS) are a supplement to English language training (ELT) and should be utilized for testing and reinforcement of classroom instruction. All language laboratory purchases funded via IMET require DLIELC approval. Below are some of the factors that DLIELC considers in the approval of language lab.

- a. **SCO input/justification for equipment**
- b. **Replacement lab vs. new lab**
- c. **Existing ELTP at the site requesting a lab**
- d. **ALC book orders in the past five years**
- e. **Students trained in instructor development courses in the past five years** (i.e., BALIC, AELIC, or the equivalent)
- f. **DLIELC-conducted site surveys**
- g. **Progress made in implementing past DLIEC survey recommendations**

For preliminary DLIELC review of an IMET-funded lab, please send your language laboratory request to DLIELC at DLIELC.NonResident.Programs@us.af.mil or contact your DLIELC International Nonresident Flight (637 ISS/INF) Overseas Program Manager.

Computer Based Training (CBT) System Requirements

In the field of ELT, multimedia computer platforms and computer-assisted language learning methodologies have rapidly evolved to the point of universality in their application to language training. Computer Based Training (formerly referred to as Interactive Multimedia Instruction [IMI]), as the name suggests, employs multimedia—full-motion video, graphics, text, animation, and sound—to support classroom and textbook language learning objectives.

DLIELC has developed and integrated CBT as part of the total instructional package for its training materials and has virtually replaced audiotapes in the traditional language laboratory setting. Because students totally control the pace and direction of the CBT lessons, they can concentrate on exercises that will improve their own weakest areas and thus become more independent learners of English.

CBT has been developed to support Levels I through VI of the American Language Course. Students studying DLIELC's ALC attend CBT labs two to four periods per book.

As more and more nonresident locations install computer labs for language training, it becomes more important for the SCOs to provide information on compatible computer lab or CBT systems.

Foreign Military Sales (FMS)

Procedures

DLIELC is the sole source for all ALC materials.

- › FMS-funded purchases of ALC materials may be obtained by developing a Letter of Offer and Acceptance (LOA) to establish a new FMS case for the purchase of ALC materials. We recommend setting up a blanket order case since it does not require a detailed order of materials to set it up; instead, a case value (total dollar amount) can be requested for ALC materials.
- › Or, purchases may also be funded from a suitable existing FMS case. Please refer to DoD 5105.38-M, Security Assistance Management Manual (SAMM), for instructions.
- › Once the FMS case is set up, download DD Form 1149 and the Order Form from our web site www.DLIELC.edu. After completing the requisition, forward to the appropriate MILDEP International Logistics Center (see addresses below).
- › **Submit fully funded book orders to DLIELC by 1 May. Book orders submitted after 1 May require coordination with 637 TRSS/TLF as to whether or not the order can be filled before the end of the fiscal year.**

- › Include a freight forwarder address with POC including phone number and email address.
- › Add 4% fee based on cost of materials for packing, crating and handling.
- › Include air shipment charge at 50% of materials excluding the cost of CBT disks.
- › APO, FPO or DPO orders cannot exceed three boxes.

Example:

Total materials cost	\$50,000
Cost of CBT disks	\$20,000
Air shipment would be calculated by subtracting CBT cost from total materials cost times 50%.	\$50,000 - \$20,000 \$30,000 x .50
Total shipping cost would be	\$15,000

Important Note: DLIELC cannot take action on a DD Form 1149 requisition until the US MILDEP International Logistics Center or Security Assistance Center has approved the requisition with an authorized accounting fund cite code and FMS Case. International Military Education and Training (IMET)

Programming

- › DLIELC curriculum materials are programmed on the USAF Standardized Training List (STL) under Worksheet Control Number (WCN) 0003/DBKPUBO for materials and WCN 0004/DOOPCHT for packing and shipping.
- › Air Force Security Assistance Training (AFSAT) will provide funding authorization.
- › **In order to ensure IMET orders can be processed by 637 TRSS/TLF before the end-of-fiscal-year, forward orders to AFSAT by 1 May.**

Requisitions

Download DD Form 1149 and Order Form from our web site www.DLIELC.edu. After completing the requisition, forward to:

AFSAT/TOC
315 J St West
JBASA-Randolph TX 78150-4354

E-mail: AFSAT.Country.Manager@us.af.mil

Info copy to: 637 ISS/INF

E-mail: DLIELC.NonResident.Programs@us.af.mil

Important Recommendations

- › Work closely with your AFSAT IMET country manager to ensure that your USAF STL is properly programmed and funding is authorized.
- › **Plan on a minimum of six months lead-time when you submit your requisition.** While DLIELC normally packs and ships within 90 days of receipt of requisition from AFSAT, there are many contributors to delays in the shipping process, including customs clearance in country. Be sure you consign the IMET shipment to the US Embassy or Military Mission to assist customs clearance.
- › Whenever possible, request air shipment to avoid a long delay.

Shipping Costs and Procedures

- › Include air shipment charge at 50% of materials excluding the cost of CBT disks.
- › APO, FPO or DPO orders cannot exceed three boxes.

Example:

Total materials cost	\$50,000
Cost of CBT disks	\$20,000
Air shipment would be calculated by subtracting CBT cost from total materials cost times 50%.	\$50,000 - \$20,000 \$30,000 x .50
Total shipping cost would be	\$15,000
