Defense Language Institute English Language Center

Course Catalog and Security Cooperation Office Handbook

Since 1954, the Defense Language Institute English Language Center (DLIELC) has performed its mission to support the policies and objectives of the US Government and the US Department of Defense (DoD). DLIELC started as the US Air Force Language School; its primary mission was to teach English to allied pilot candidates. In 1966, its mission expanded to include other career fields and at the same time moved under the DoD. The US Army was designated as the executive agent at that time. DLIELC assumed its present form in 1976 when the US Air Force became the executive agent.

The resident campus, located at JBSA-Lackland, Texas, includes headquarters and academics facilities, a learning resource center, library, dining hall, officer/enlisted quarters, student administration building and a conference center. Small classrooms, equipped with the latest in training technology, are specifically designed to support student-centered instruction. In addition, the DLIELC curriculum meets the diverse needs of the adult military population with courses that address the specific language requirements of the students' career fields.

This guide, published annually, is a reference for planning, scheduling and conducting English language training in support of the Security Cooperation Training Program. This publication supersedes the FY25 *Defense English Language Program Catalog and Security Cooperation Handbook*, October 1, 2024.

Part I—Policy Overview

637th Training Group

MISSION

Provide world-wide English language training and resident cultural immersion to enable US military and international partners to communicate in support of Department of Defense and Security Cooperation objectives.

VISION

An innovative, world class military organization providing superior English language training around the globe.

PRIORITIES

Mission Support and Readiness - Ready and be able to maintain timely and effective logistical and technical support to DLIELC campus and deploying staff to support US military and international partners.

International Partnerships and Culture Immersion - Interoperability with our allies and partners across the globe through English Language Training, cultural immersion, and student support.

Taking Care of Our People - Total force effectiveness through dignity, respect and growth of civilian and military workforce and their families with a focus on resiliency and development.

Supporting the US Military - US Army support by providing English Language Training to initial entry trainees.

ACCREDITATION

The Defense Language Institute English Language Center (DLIELC) is accredited by the Commission on English Language Program Accreditation (CEA) and agrees to uphold the CEA Standards for English Language Programs and Institutions. CEA is recognized by the US Secretary of Education as a national accrediting agency.

For further information about this accreditation, please contact the Commission on English Language Program Accreditation, 801 N. Fairfax St., Suite 402A, Alexandria, VA 22314, (703) 519-2070, CEA standards may be accessed at <https://cea-accredit.org/about-cea/standards>.

DoD Policy on Security Cooperation — Sponsored English Language Training (ELT)

1. DLIELC has the responsibility for and exercises operational and technical control over the Defense English Language Program (DELP) that encompasses all DoD English Language Programs including courses conducted for US personnel and international students under the International Military Education and Training (IMET) Program, Foreign Military Sales (FMS), and DoD-funded security cooperation programs in CONUS and OCONUS.
2. As a matter of policy, all Security Cooperation-sponsored CONUS English Language Training (ELT) is conducted by DLIELC unless unusual or extraordinary conditions exist that would warrant exceptional ELT arrangements under FMS funding. No exceptions are permitted for IMET-funded ELT. To request an exception to FMS-funded ELT, a written justification for an exception to this policy must be submitted by the military departments (MILDEPs) to Defense Security Cooperation Agency Strategy Directorate/Training Division (DSCA STR/TNG) prior to submission of Letters of Offer and Acceptance (LOAs) or LOA amendments to DSCA for countersignature. Waivers must be approved by DSCA.
3. If a DSCA waiver is granted, the waiver applies strictly to the scope of the proposed ELT program justified in the exception request. No change to the LOAs will be made to increase the student load or extend the duration of the ELT program without submitting a revised request to DSCA STR/TNG to include all information indicated below.

Information Required for a Decision to Conduct ELT by Other Than DLIELC

1. Explanation of the unusual or extraordinary conditions which would warrant training outside of DLIELC.
2. Complete information on the ELT to be conducted to include location, description of training facilities, number of students, training objectives, duration of the overall ELT program, and estimated cost.
3. Written statement that DLIELC will monitor the ELT to ensure that DLIELC technical standards in instruction, testing, and curriculum are being met and will perform a quality assessment once a year.
4. Written statement that funding is available for DLIELC to monitor and provide quality control of the proposed ELT, for FMS through the cases with an appropriate line item, or for other SC programs with a budgeted program line.
5. Written DLIELC review and recommendations on the proposed ELT exception.
6. Written IA and AF/A1D position on the proposed ELT exception.

Part II—English Language Testing

English Comprehension Level (ECL) Test

About the ECL

The ECL is the primary Department of Defense (DoD) measurement tool for assessing the general English language proficiency of non-native speakers of English scheduled for Security Cooperation-sponsored training, military accession programs, or participation in US-sponsored flying exercises.

Developed by the Defense Language Institute English Language Center (DLIELC) English Testing Flight (ETF), the ECL is a controlled, four-option, multiple-choice test of listening and reading items; speaking and writing skills are not tested. With an emphasis on general English (not academic or technical), there are two ECL test formats: a paper-and-pencil, fixed-length test and an online, variable-length, computer adaptive test (*see Table 1, The ECL Test, below*). **An ECL score is valid for 180 days.** (Note: OCONUS candidates **must wait 30 days to retest** and cannot take more than **3 in-country ECL tests in a fiscal year**.)

Governing Regulations

Policy and procedures regarding the ECL are governed by **SOI 332 TRSI 16-1051** through the authority of **DoD Instruction 5160.71**.

The Joint Security Cooperation Education and Training (JSCET) prescribes policies and procedures for all Security Cooperation-sponsored education and training of military students (cf. **AFI 16-105, 3-Jan-11**).

Table 1. The ECL Test

The ECL and Candidate Selection

A student's background knowledge, experience, and aptitude in a specialty field are **not** tested on the ECL. However, the overall language competence a student demonstrates when completing specific tasks in a CONUS training setting is tested on the ECL. When considering candidates for CONUS training, it has been observed that:

1. a student's language ability may be stronger/weaker in some skills (reading, writing, speaking, listening) than in others;
2. students who have attended DLIELC *General English Training* and/or *Specialized English Training* typically demonstrate greater abilities at CONUS training than direct entry students because DLIELC graduates have experienced several weeks of acclimation and exposure to authentic language use while also taking classes in an intensive English language program.

Required ECL Testing

All English language testing requirements for Security Cooperation-sponsored training and DLIELC training are available on the Military Articles and Services Listing (MASL), published on the Security Assistance Network Web (SANWeb). The ECL MASL requirements for courses are established by the US sponsor service/schoolhouse. The US sponsor service/schoolhouse and/or Defense Security Cooperation Agency (DSCA) have the authority to waive an ECL requirement.

Diagram 1 offers an overview of where ECL testing is required. IMSs are tested in country, and then again upon arrival at the first CONUS training site. Only recent DLIELC graduates (with an ECL score less than 180 days old) and students from countries listed as “countries exempt from *all* in-country and US testing” on the *Country Exemption Lists* will not be tested upon arrival at the first CONUS training site (see DSCA Country Exemption Lists on page 20).

The following diagrams provide an overview of the processes for ECL testing in country (Diagram 2), at US service schools (Diagram 3), and at DLIELC (Diagram 4). For official guidance, consult the latest version of DoD Instruction 5160.71, JSCET regulations, DLIELC 1025.15, or contact DLIELC Testing (Commercial 210-671-4889 / DSN 312-473-4889 or <https://samm.dsca.mil/policy-memoranda/dsca-21-68>).

² IMS is programmed to a later Follow-on Training (FOT) start date and sent to DLIELC until score is achieved

How to Request ECL Testing

Only approved ECL sites with properly appointed Test Control Officers (TCOs) and Alternate TCOs (ATCOs) can obtain ECL materials. TCOs and ATCOs are required to meet the following qualifications.

1. Appointed by the installation commander or SCO through an *Appointment Letter* (see page 12), which is sent to DLIELC Testing
2. US citizens working directly for the US government,
3. In the grade of E-5 or above, GS-05 or above (or equivalent),
4. Required to follow all test protocol detailed in DLIELC 1025.15

Once approved, sites are encouraged to test online; however, if that is not feasible, with paper-and-pencil materials. To test online, sites must meet the hardware and software requirements established by DMDC and published in the *English Comprehension Level and American Language Course Placement Test - User's Guide (Version 1.12)*. Sites should contact the designated ECL Test Site Monitor at DLIELC Testing for guidance.

To test with paper-and-pencil materials, TCOs or ATCOs **must request new materials for the calendar year**. To request new test materials:

1. Sites must be in compliance in compliance with Non-Resident ECL Testing Guidelines (DLIELC 1025.15) **before** new materials are released.
2. TCO/ATCO submits the annual ECL Request Form (see page 13) to the designated ECL Test Site Monitor.
3. DLIELC mails new ECL test materials to TCO via certified mail.
4. TCO/ATCO inventories the materials upon receipt and sends a signed copy of the packing list to the designated ECL Test Site Monitor as confirmation.
5. TCO forwards all used answer sheets **on a monthly basis** to:
DLIELC Testing
2235 ANDREWS AVE
JBSA-LACKLAND, TX 78236-5259

NOTE:

- 1) ECL materials are destroyed by TCOs/ATCOs at the end of each calendar year, but not before the new calendar year's materials have arrived.
- 2) See Non-Resident ECL Testing Guidelines (DLIELC 1025.15) for the regulations governing this process.
- 3) All forms needed are available online at www.dlielc.edu/testing/ecl_test.php.

Expired ECL tests (i.e., from a previous fiscal year) and scores (i.e., 180 days or older) are not valid for IMSs attending DLIELC. Failure to use valid ECL tests and scores on the ITOs may result in the IMS being:

1. recalled homeland, *or*
 2. delayed in training.

American Language Course Placement Test (ALCPT)

About the ALCPT

The ALCPT is developed by DLIELC Testing for military and government English Language Training Programs (ELTPs) around the world. It is designed to measure English language ability levels through listening and reading items and to serve as a pre-screening tool for both the CAT and paper-and-pencil ECL. The ALCPT is equivalent to the paper-and-pencil ECL in content and format (see also Table 2, *ECL* vs. *ALCPT*).

The ALCPT and Candidate Selection

The ECL and the ALCPT are statistically equivalent (with a correlation of .95 or higher). When administered under secure, controlled conditions, the tests yield comparable scores. The ALCPT is used:

1. to screen candidates for readiness to take the ECL test, and
2. as an alternative to the ECL requirement *for ECL-exempt countries needing an OPI test*.

The ALCPT is NOT used for ECL practice or training, promotion or bonus systems, etc. Sales of the ALCPT are considered site-specific. ALCPT tests CANNOT be used at, transferred to, or moved to another location.

How to Request the ALCPT

Because the ALCPT is a US government language test, its sale must be approved by DLIELC Testing (the sole source for procurement of all ALCPT materials). ALCPT requests require:

1. DLIELC Testing Approval – Complete the ALCPT Approval Request form (on page 16) or online at www.dlielc.edu/testing/ALCPT_Approval_Request_form.pdf and email it to DLIELC Testing.
2. 637 ISS/INF Purchase Assistance – Contact DLIELC International Nonresident Flight for consultation on purchase orders (see contact information at the beginning of this handbook).

For more information including the most current ALCPT Handbook, visit our website (www.dlielc.edu/testing/alcpt_test.php) or contact DLIELC Testing.

ALCPT Approval Request

Approval by DLIELC Testing is required **BEFORE** placing a purchase order.

User Agreement

User agrees to:

- Keep all ALCPT materials secured at all times:
 - ✓ Stored in a locked cabinet;
 - ✓ Accounted for by serial number and inventoried annually;
 - ✓ Logged after each use & the log retained for a year;
 - ✓ Handled, transported & administered **ONLY** by authorized personnel at the location to which it was sold.
- Use the test for the following purposes **ONLY**:
 - ✓ Place students in an ALC language program;
 - ✓ Evaluate student progress at the end of the program;
 - ✓ Screen candidates for readiness to take the ECL;
 - ✓ Evaluate the English language abilities of local personnel working for, or being considered for positions on overseas US military installations as required by US military service regulations.

- Prevent duplication (paper, electronic or other) of ALCPT materials.
- Abide by all provisions of the ALCPT Handbook, including limits on test frequency, proper test rotation, and tracking candidates who are tested.

User understands that:

- If a contractor loses the original contract for which DLIELC Testing approved ALCPT use, the contractor is obliged to destroy all forms of the ALCPT.
- If ALCPTs have been compromised, DLIELC Testing retains the right to refuse sales of new ALCPT forms for a period of up to three years.

Failure to abide by these guidelines may result in denial of future ALCPT purchases.

Oral Proficiency Interview (OPI)

About the OPI

The Oral Proficiency Interview (OPI) is the Department of Defense's designated assessment instrument for evaluating the interactive listening comprehension and speaking English language proficiency of non-native English speakers scheduled to participate in Security Cooperation-sponsored training. Additionally, the OPI is employed for the selection, placement, or reclassification of U.S. military personnel, and for determining English language proficiency requirements in support of specific courses or duty assignments. The test may also be used to determine the eligibility of international participants for participation in military flying exercises and accession programs

Governing Regulations

Policy and procedures regarding the OPI are governed by **SOI 332 TRSI 16-1051** through the authority of **DoD Instruction 5160.71**.

The English language OPI is a structured, interview-based assessment of listening comprehension and speaking proficiency administered by two certified raters, typically conducted via Zoom. The OPI evaluates language ability in accordance with the Interagency Language Roundtable (ILR) Skill Level Descriptions, which define levels of spoken language proficiency and comprehension. Additional information regarding the ILR Skill Level Descriptions is available at www.govtilr.org/index.htm.

During the interview, candidates engage in a range of conversational tasks across a variety of topics. The OPI is a general proficiency assessment and is not designed to evaluate technical or occupation-specific language skills. OPI ratings range from 0 to 3, including intermediate plus-level increments (e.g., 0+, 1+, 2+, etc.), and are reported as a two-digit score (e.g., 2+/2), with the first digit reflecting the listening comprehension score and the second digit reflecting the speaking proficiency score (see Table 3: The OPI Test, below). OPI scores remain valid for 180 days. Non-resident candidates are required to wait a minimum of 90 days before retesting.

Table 3. The OPI Test

Test	Test Description
Administration	Telephonically or face-to-face via Zoom
Areas Assessed	<ul style="list-style-type: none"> language functions accomplished accuracy of structures and vocabulary content and context of tasks length and types of texts understood and produced
Rating Scale	Based on Interagency Language Roundtable (ILR) Skill Level Descriptions. Levels range from 0-3 (0, 0+, 1, 1+, 2 and so on), with 0 indicating no functional proficiency and 3, the proficiency of a generally professional speaker.
Rating Format	Referred to as a C/S (Comprehension/Speaking) rating, with the first score representing listening comprehension, and the second score representing speaking, i.e., a C/S rating of 2+/2 = a rating of 2+ in listening comprehension and a rating of 2 in speaking.
Required Test Environment / Equipment	Private, quiet room equipped with the following: <ul style="list-style-type: none"> chair and table/desk Zoom-enabled device with camera and audio paper and pen/pencil (required for one task only)

How to Schedule an OPI

A qualifying English Comprehension Level (ECL) score is required in order to schedule an OPI. OPI and corresponding ECL score requirements are determined by the U.S. sponsoring service or schoolhouse, which also maintains the authority to grant waivers for the OPI requirement, as applicable.

Candidates with an OPI prerequisite must either complete testing in their home country or obtain a waiver from the Defense Security Cooperation Agency (DSCA) and/or the U.S. sponsoring service or schoolhouse prior to their arrival at DLIELC or their initial CONUS training location. Refer to Diagram 5, OPI Testing, on the following page for an overview of the testing process. For official guidance, consult SOI 332 TRSI 16-1051 or contact the OPI Coordinator at DLIELC Testing (Commercial: 210-671-8080; DSN: 312-473-8080; or via email at DLIELC.332TRS.ETFNROPI@us.af.mil).

At least 30 U.S. business days prior to the target test date, the Security Cooperation Organization (SCO) must complete the *OPI Request Form* and submit it to DLIELC.332TRS.ETFNROPI@us.af.mil. The *OPI Request Form* is available online at www.dlielc.edu/testing/OPI_Request_Form.pdf.

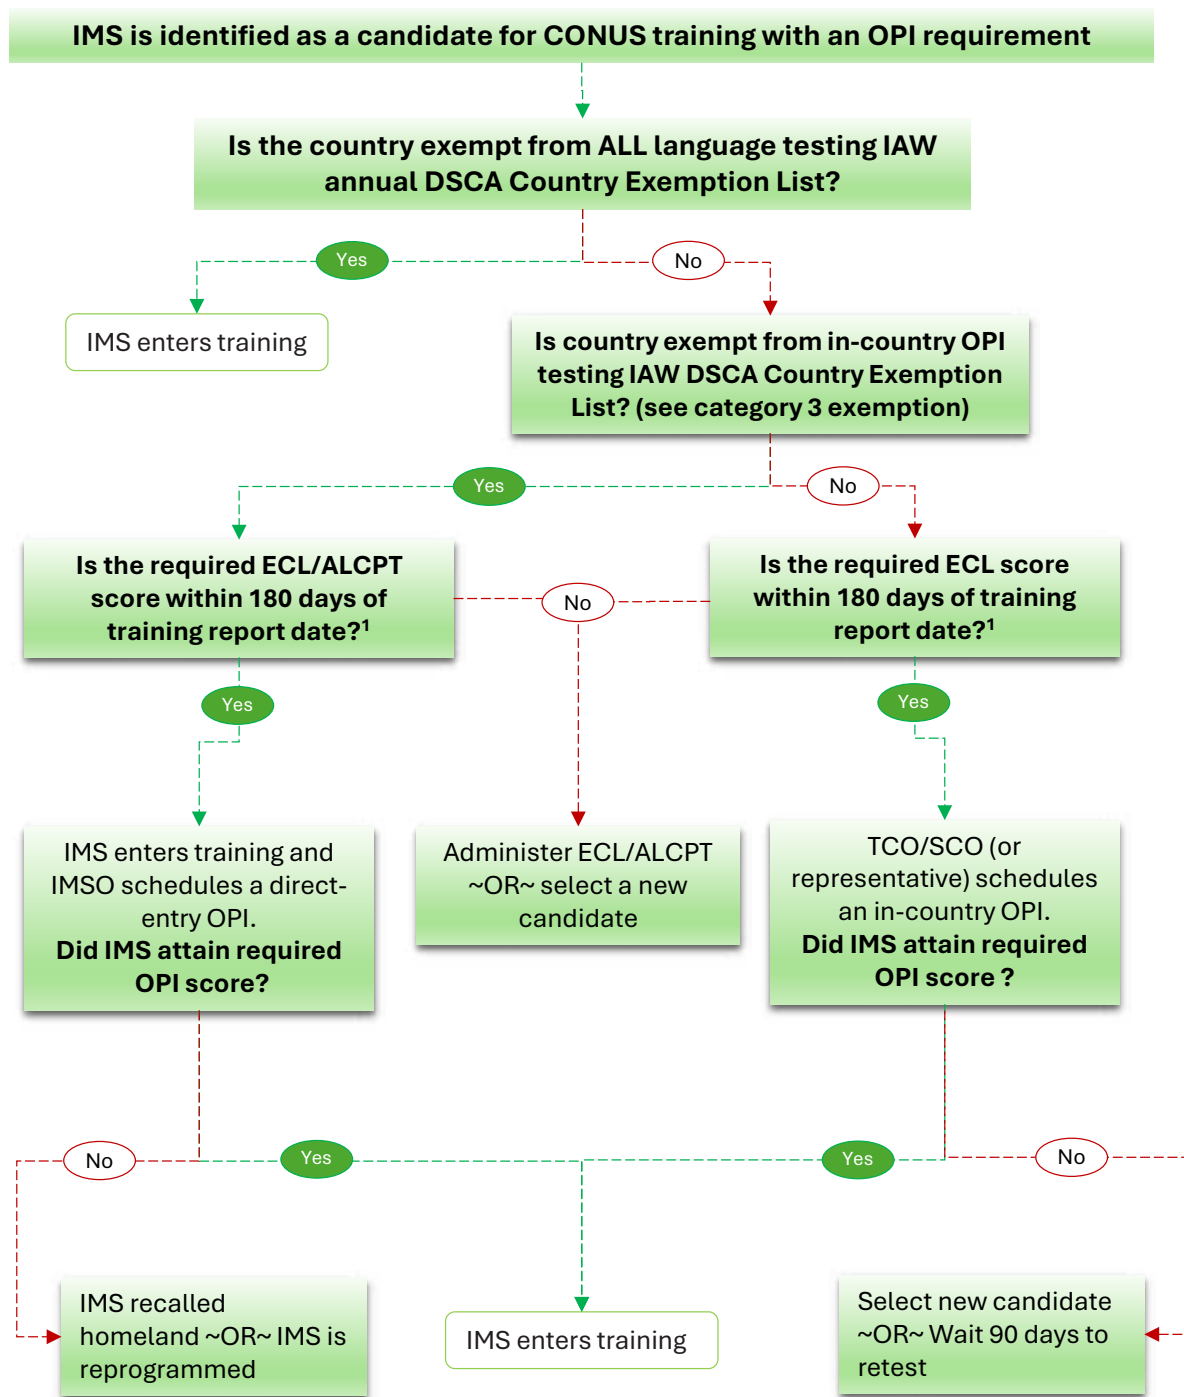

- NOTE:**
- 1) Scheduled OPIs will be canceled if the call to DLIELC is initiated more than 10 minutes after the scheduled interview time.
 - 2) OPI scores are typically released to SCOs/Test Control Officers (TCOs) via email within two business days.
 - 3) OPI testing is limited to two tests per site, per day.
 - 4) SCOs are required to adhere to all test protocols outlined in SOI 332 TRSI 16-1051 and in the appointment confirmation email issued by the OPI Coordinator. Failure to follow protocol may result in termination and invalidation of the OPI.
 - 5) DLIELC authorizes one OPI per training slot. A secondary candidate may only be scheduled if the primary candidate fails the OPI or is otherwise unable to participate in the scheduled training.
 - 6) DLIELC permits Zoom OPIs without an on-site proctor if both the testing site and candidate fully meet all requirements specified on the OPI Request Form. If these conditions are not met, a proctor must remain in the testing room with the candidate for the duration of the assessment.

If a high volume of OPIs is needed, a Virtual Testing Team (VTT) can be requested from the Chief of DLIELC Testing (Commercial 210-671-4889 / DSN 312-473-4889 or DLI.Testing@us.af.mil).

For more information visit the OPI website (www.dlielc.edu/testing/opi_test.php) or contact the OPI Coordinator (Commercial 210-671-8080 / DSN 312-473-8080 or DLIELC.332TRS.ETFNROPI@us.af.mil).

[/] The Chief of DLIELC Testing has the authority to waive the 90-day wait period before retesting; however, if granted, the waiver usually entails at least a 30-day wait period before retesting.

¹ Only countries with an ECL exemption may administer an ALCPT in lieu of an ECL for a qualifying ECL score (see Category 2 exemption of the Country Exemption Lists).

English Language Testing Exemptions

Country Exemption Lists

The FY21 Country Exemption Lists for English Comprehension Level (ECL), Test of English as a Foreign Language (TOEFL), and Oral Proficiency Interview (OPI) (or Country Exemption Lists, for short) will remain in effect until further notice. When the new Country Exemption Lists is available, DSCA sends notification to DLIELC, Combatant Commands (CCMD), and the MILDEPs. The current Country Exemption Lists memo is available on the SAN Web home page and at www.dlielc.edu/testing/dsca.pdf.

Part III—Resident English Language Training Program

This section provides information on DLIELC's resident ELT programs. Specifically, it addresses the American Language Course (ALC), Advanced English Training, and ELT course programming information for FY24/25.

American Language Course

The ALC, published by DLIELC, is designed to teach English as a foreign language (EFL). The objective of the course is to provide students with a sufficient level of communicative competency in English to enable them to successfully participate in technical or professional training conducted by the DoD. ALC materials are designed to be accessible to students from a wide range of linguistic and cultural backgrounds. The ALC course and all its supporting materials are available for purchase and use in as a non-resident language course more than 70 countries worldwide. Information on how to purchase the ALC can be found on the DLIELC website, www.dlielc.edu.

For English language training, students may enroll in either General English Training (GET) or Specialized English Training (SET), or a combination of GET and SET. Professional Military Education Prep courses are offered in Advanced English Training (AET), as a Follow-on-Training with specific start and end dates. Those who enter SET or AET must first meet all language proficiency requirements, including required ECL score and OPI ratings, either in their countries before coming to DLIELC or through successful completion of GET courses. Upon graduation, students proceed to their FOT.

General English Training (GET)

The purpose of GET is to increase general English language competency to the required level. Students may be programmed for GET in advance of attending Advanced English Training Professional Military Education (PME) Preparation courses, which have strict entry requirements, due to the challenging nature of CONUS Senior PME Courses.

General English Training within the ALC consists of both individual and group-based classroom learning, as well as computer-based training. Small classes at DLIELC ensure that students have ample opportunity to interact in all classroom activities. Students are grouped according to their ECL scores, which allows for maximal diversity in language exposure within each classroom. Achievement tests book quizzes, performance evaluations, and the ECL are administered regularly to evaluate mastery of learning objectives and their progress in the language. Students are expected to demonstrate progress at a rate determined by their required ECL scores and the time allotted to their training. Enrolled students are expected to complete all classroom assignments and two or more hours of homework following each class day. Students demonstrating academic performance below expectation will receive counseling and supplementary language training as required. For students who do not meet the ECL requirements, DLIELC recommends that the sponsoring service extend their training time or return the student to their countries.

The General English materials consist of 34 books divided into 6 levels. Levels I through V consist of six books each; Level VI contains the remaining four books. The Placement Guidelines Chart below demonstrates average ALCPT/ECL scores for each book.

ALC Placement Guidelines

Book	ALCPT Score	Book	ALCPT Score	Book	ALCPT Score
Level I	1 0*	Level III	13 49 - 53	Level V	25 73 - 75
	2 0*		14 51 - 55		26 74 - 76
	3 0*		15 53 - 57		27 75 - 77
	4 0* - 29		16 55 - 59		28 76 - 78
	5 0* - 29		17 57 - 61		29 77 - 79
	6 0* - 29		18 59 - 63		30 78 - 81
Level II	7 25 - 33	Level IV	19 61 - 65	Level VI	31 80 - 85
	8 29 - 37		20 63 - 67		32 80 - 85
	9 33 - 41		21 65 - 69		33 80 - 85
	10 37 - 45		22 67 - 71		34 80 - 85
	11 41 - 49		23 69 - 73		
	12 45 - 51		24 71 - 74		

* ALCPT scores of 29 or below cannot be considered valid indicators of a test-taker's ability. The ECL and the ALCPT are statistically equivalent, with a correlation of .95 or higher.

Books 1-30 focus on three major areas: grammar, skills, and vocabulary. There are exercises in each lessons that shows students how and when to use certain words, phrases, and sentences in particular situations. The grammar structures presented in the lesson are the foundational support students will need in order to communicate effectively. Skills exercises are designed to improve the student's listening, speaking, reading, and writing, the vocabulary section provides the words and expressions the student will require in order to make use of the grammar provided within each activity. Each instructional package for Books 1-30 consists of the following materials:

Student Text
Instructor Text
Language Laboratory Activities Text

Audio CDs / DVD kit
Book quizzes

ALC Level VI (Books 31-34) is designed to further develop skills in the areas of listening, speaking, reading, and writing. Level VI employs student-centered learning, and focuses more on the use of authentic readings, audio and video recordings, Each book has performance evaluations consisting of: (a) group discussion, (b) briefing and/or paragraph writing, and (c) a multiple-choice listening and reading quiz. Books 31-34 may be taught in any sequence; each book is written at the same language ability level but varies by theme. Each instructional package for Books 31-34 is composed of the following materials:

Instructor Text
Resource Book

DVD
Assessment Kit

Specialized English Training (SET)

SET is a nine-week program designed for students who already have a strong proficiency in general English. The SET materials emphasize the language skills necessary for, and the technical terminology of, a particular military occupational specialty such as flying, ordnance, or electronics.

The SET phase of the ALC consists of modular materials designed to meet the English language skill needs of students scheduled to attend training in a variety of specialty fields. These specialty fields are identified by SET codes. All students begin the nine weeks of training with Module 101, Orientation to Specialized English. SET continues with code specific training for the scheduled FOT. Various combinations of the SET materials are used to prepare students for a wide variety of FOT environments. In each specialty, there are one to seven specific modules addressing reading comprehension, specific speaking formats, and formal writing skills for those scheduled for mid- and senior management training. Students conclude SET with Module 109, Transition to Follow-On-Training. Students enrolled in the Aviation SET codes conclude their training with Module 109A, Transition to the Flightline.

SET PROGRAM		
WEEKS 1–9 (Ref: Summary of DLIELC General and Specialized English MASLs for Diploma Requirements, pages 31-32)		
Students begin with Module 101 Orientation to Specialized English	Language skills development continues through the use of code specific modules	Students end with Module 109 Transition to Follow-On Training

NOTE: The code-specific modules depend on the scheduled FOT, as specified in ITO.

Scheduling decisions depend upon such factors as experience, military service, FOT site, and educational background. SET materials—designed for use in an intensive language training program—are typically taught in classes of six to eight students.

Students in flight-related or language-critical training (e.g., undergraduate pilot, advanced flying, instructor pilot, experimental test pilot, public affairs officer, etc.) have oral proficiency requirements (determined by the FOT) ranging from 2/2 to 2+/2+. These students are given an OPI before entering SET. The purpose of this assessment is to rate the students' overall listening comprehension and speaking proficiencies and ensure students are able to satisfy rigorous FOT requirements. **The OPI requirements must be met before entering SET.**

DLIELC Student Profile Charts

DLIELC Training Level & Limitations	FOT* Examples per ECL Requirement, OPI, and Other Possible Prerequisites
<p>The DLIELC-trained language learner in this range should be able to:</p> <ul style="list-style-type: none"> • Communicate at a basic level sufficient for performing non-skilled tasks. • Read and understand simple instructions and elementary military texts with basic military themes (ranks, branches, common military courtesies). • Handle basic social interactions such as seeking and giving information, requesting and granting permission, and expressing preferences, all at a very basic level without elaboration. • Provide simple descriptions of concrete procedures using minimally connected sentences. • Understand the main idea of oral announcements up to 45 seconds in length or approximately 150 words in length. • Listen to a short message (in a face-to-face interaction or on the phone), take simple notes, and relay the message to a third person. • Listen to a text and complete a simplified outline, graphic organizer, or flow chart. • Write simple as well as compound sentences and combine two simple sentences to create a complex sentence, but frequent errors in basic structure occur. 	<p>60-65 ECL score requirement. Less than 1% of FOT courses select this level of proficiency.</p> <p>For example:</p> <ul style="list-style-type: none"> • Target level for “hands on” type jobs • Cargo Specialist (60) • Self-Propelled Artillery Systems Maintainer (60) • Tracked Vehicle Mechanic (60) • Fire Control Repairer (65) • ATC Equipment Repairer (65) • Horizontal Construction Engineer (65) • Cable Systems Installer – Maintainer (65)
<p>The DLIELC-trained language learner in this range should be able to:</p> <ul style="list-style-type: none"> • Understand and use materials required for most technical vocations (technical orders, simple manuals) and other material based on general military themes. • Conduct routine social and business interactions, such as giving recommendations and suggestions, requesting and offering assistance, asking for and making comparisons, expressing cause and effect, inquiring about and responding to reasons and purposes, and giving sequenced instructions. • Communicate face-to-face or via telephone/radio to perform official duties. • Read a text up to 300 words in length; identify the main idea and supporting details, and supply notes in an outline or graphic organizer. • Write a summary of an oral text 1-3 minutes in length; errors in sentence structure occur. • Participate in a discussion on a familiar topic. 	<p>70-75 ECL score requirement. Target level for technical jobs.</p> <p>For example:</p> <ul style="list-style-type: none"> • IT Fundamentals Maintenance (70) • Diesel Engine Maintenance (70) • Aircraft Structural Repairer (70) • Radar Repairer (70) • Basic Electronics (70) • Basic Officer Leadership (75) • Military Police Captain’s Career (75) • Military Police Basic Officer Leadership (75) • Army Maintenance Management (75)

The DLIELC e-Wheel Programming Guidance

The DLIELC e-Wheel is an internet-based electronic programming guidance designed to provide Military Departments (MILDEPs) and Security Cooperation Officers (SCOs) with greater accuracy in programming English language training. The e-Wheel calculates estimated time in training at DLIELC to achieve ECL scores and complete courses based on historical data from 1997 to 2013 and linguistic distance between English and the student's native language. SCOs and MILDEPs are highly encouraged to use the e-Wheel to determine estimated time in training for International Military Students (IMSS) attending DLIELC.

How to Use the e-Wheel in 3 Easy Steps

STEP 1: To access the DLIELC e-Wheel, go to:

<https://www.dlielc.edu/DLICourseEstimator/index.html>

You can also access the link on the DLIELC website at www.dlielc.edu.

For optimal capability, we *highly recommend* downloading the most current browser version on your computer or Smartphone.

STEP 2: To show the estimated number of weeks for a student **to achieve the required English Comprehension Level Score (ECL)**, select the country of the student, the in-country ECL score range, and the required ECL score from the drop-down menu. Click on *Calculate*.
(See image A on the next page.)

If the student needs to attend **Specialized English Training (SET)** and/or **Applied English Skills for Oral Proficiency (AESOP) components**, select the *Yes* button for one or both courses. Then, click on *Calculate* and the e-Wheel will compute the estimated number of weeks in training to achieve the required ECL score and complete the Specialized English language training and/or AESOP component. (See image B on the next page.) For updates to the Oral Proficiency Skills for Aviation (OPSAV) course, go to p. 29.

Courses in General and Specialized English Training

DLIELC offers a variety of English language courses for beginner, intermediate and advanced learners of English as a Second or Foreign language. In-house developed materials and some commercial texts are used for these courses.

ALC GET *only* **MASL D177027**

Course Length: Variable; can be scheduled to start any week of the year.

Entry Requirements: 55 ECL

Diploma Requirements: Minimum 10 weeks, ECL qualified and 70 Book Quiz average (see “DLIELC Graduation Requirements” Table on page 31).

ALC SET *only* **MASL D177008**

Course Length: NINE (9) weeks total; can be scheduled to start any week of the year.

Entry Requirements: 1) Highest required FOT ECL
2) If applicable, OPI requirement(s)

Diploma Requirements: Minimum of SEVEN (7) of the NINE (9) weeks must be completed in SET, ECL and, if required, OPI qualified, and 70 Book Quiz average (see “DLIELC Graduation Requirements” Table on page 31).

This course focuses on functional aspects of language, learning strategies, and terminology associated with technical training and professional military education skills.

Note: 1) IMS MUST be scheduled for 9 complete weeks in SET.
2) If FOT decides in specific cases to waive their ECL and/or OPI requirement(s), MILDEP must submit a separate waiver request (Form AETC-6) to DLIELC for approval to allow the student to enter SET, with the understanding that the student will **not** receive a diploma.

General English Training (GET) and Specialized English Training (SET) MASL D177009

Course Length: Minimum 10 weeks; can be scheduled to start any week of the year.

Entry Requirements: 1) 55 ECL minimum for entry into GET
2) Highest required FOT ECL and, if applicable,
OPI requirement(s) before entry into SET.

Diploma Requirements: Minimum of SEVEN (7) of the TEN (10) weeks must be completed in SET, ECL and, if required, OPI qualified, and 70 Book Quiz average (see “DLIELC Graduation Requirements” Table on page 31).

Notes: 1) If more than one FOT is scheduled, the student must meet the highest ECL required. This also applies in specific cases where the ECL and/or OPI requirement(s) have been waived by FOT.
2) If FOT decides in specific cases to waive their ECL and/or OPI requirement(s), MILDEP must submit a separate waiver request (Form AETC-6) to DLIELC for approval to allow the student to enter SET, with the understanding that the student will **not** receive a diploma.

ALC for Aviation Leadership Program (ALP) Scholarship MASL D177024

Course Length: Variable or NINE (9) weeks of AVIATION SET if IMS is both ECL and OPI qualified; can be scheduled to start any week of the year.

Entry Requirements: 1) 55 ECL and/or highest required FOT ECL
2) and OPI requirement, if applicable.

Diploma Requirements: Variable course length, ECL and OPI qualified, and 70 Book Quiz average with a passing score for each module (see “DLIELC Graduation Requirements” Table on page 32).

Notes: 1) This MASL is established for AF ALP Scholarship IMSs and is used for funding purposes only.
2) Training is the same as MASL D177008 or D177009 or D177027.
3) IMSs who do not have their required ECL must attend GET.
4) IMSs who do not make their required OPI must attend the AESOP component of OPSAV (MASL D177028). See next page.

Oral Proficiency Skills for Aviation (OPSAV) Course
MASL D177026
(MASL D177028 for ALP Scholarship candidates)

Course Length: 25 weeks; this includes 16 weeks of the Applied English Skills for Oral Proficiency (AESOP) component and NINE (9) weeks of AVIATION SET; can be scheduled to start any week of the year. NOTE: AESOP is the component of OPSAV that develops general oral proficiency.

Entry Requirements: Highest required FOT ECL

Diploma Requirements: Minimum of 10 weeks TOTAL and a minimum of SEVEN (7) of the 10 weeks must be completed in SET, ECL and OPI qualified, and 70 Book Quiz average with a passing score for each module (see “DLIELC Graduation Requirements” Table on page 31).

The OPSAV course is designed to help aviation students (1) achieve their required OPI ratings through the AESOP component and (2) prepare for successful radio communication, comprehension under adverse conditions, and speaking while performing a complex motor task through Aviation SET.

- Notes:
- 1) If candidates ECL qualify in country, it is strongly recommended that they be administered a telephonic OPI in their homeland prior to scheduling them for this course. If they achieve the required OPI score for their FOT, they don’t need to be programmed for the OPSAV course. They should ONLY be programmed for a maximum of ten weeks in MASL D177024.
 - 2) The OPSAV course is a MINIMUM of 10 weeks in length. However, it is variable because students can be moved out of the AESOP component as soon as they achieve their required OPI ratings and proceed into SET.
 - 3) Students must meet the ECL requirement for FOT prior to entrance into the OPSAV course and they must meet the OPI requirement before they are moved into SET—even if in specific cases the ECL and/or OPI requirement(s) have been waived by FOT.
 - 4) If FOT waives one or both requirements, MilDep must submit a separate waiver request (AETC-6 form, formerly known as IMT-6) to DLIELC for approval to allow the student to enter SET, with the understanding that the student will *not* receive a diploma.

Applied English Skills for Oral Proficiency (AESOP) Course
MASL D177000 (for AESOP only)
(component of MASL D177026 or D177028 (OPSAV))

Course Length: 1-16 weeks; this is generally programmed with the OPSAV MASLs.

Entry Requirements: Highest required FOT ECL; must be ECL qualified for FOT.

Diploma Requirements: Minimum of EIGHT (8) weeks, be OPI qualified, and have a Performance Evaluation average of 70 if taken as a stand-alone course. (see “DLIELC Graduation Requirements” Table on page 31).

This course is designed to help students achieve required OPI ratings for their SET and FOT. It is an intensive language course focused on increasing a student’s comprehension and production of English used in normal, every-day, and high-frequency oral discourse. The course integrates extensive practice of language tasks, precision in speech (e.g., pronunciation, grammar, and vocabulary), and communicating meaning in increasingly complex topics and situations.

- Note:
- 1) IMSs who do not have their required ECL must attend GET.
 - 2) IMSs must have an OPI requirement for their FOT.
 - 3) This course is usually programmed as a component of MASL D177026 or D177028 (OPSAV).

Summary of DLIELC General and Specialized English MASLs

MASL #	COURSE(S)	MIN # of WKS for DIPLOMA	DESCRIPTION
D177027	General English Only (GET)	10 wks	The purpose of GET is to raise IMS's English language proficiency to the required level. Students must meet the FOT ECL requirement to transfer into SET or PME Prep (some FOTs require PME Prep) or to go to an FOT that does not require SET. Students can be programmed for GET in advance of attending DLIELC Advanced English Training for instructors and other language specialists if they are not ECL/OPI qualified in country.
D177008	Specialized English Only (SET)	9 wks total w/min of 7 of 9 wks in SET	The purpose of SET is to increase an IMS's functional understanding of language, learning strategies, and terminology associated with technical training and professional military education skills. Students must meet the ECL required by FOT and, if applicable, the OPI requirement(s) in order to enter SET. If more than one FOT is scheduled, the student must meet the highest ECL required. If FOT decides in specific cases to waive the IMS ECL and/or OPI requirement(s), MILDEP must submit a separate waiver request to DLIELC for approval to allow the IMS to enter SET, with the understanding that the student will not receive a diploma.
D177009	General & Specialized English (GET/SET)	10 wks total w/min of 7 of 10 wks in SET	Students must meet the required ECL specified by FOT and, if applicable, the OPI requirement(s) before they are moved into the SET portion of this course. If more than one FOT is scheduled, the student must meet the highest ECL required. If FOT decides in specific cases to waive the IMS ECL and/or OPI requirement(s), MILDEP must submit a separate waiver request to DLIELC for approval to allow student to enter SET, with the understanding that the student will not receive a diploma.
D177024	ALC for Aviation Leadership Program (ALP) Scholarship	Min 9 wks if ECL/OPI qualified for SET	This MASL is established for USAF ALP Scholarship students and is used for funding purposes only. Training is the same as MASL D177027, D177008, or D177009. All students will complete aviation SET. Students who do not have their required ECL must attend GET using this MASL. Students who do not have their required OPI must attend the OPSAV course, MASL D177028.

Advanced English Training (AET)

In addition to General and Specialized English training, DLIELC offers Advanced English Training (AET) for higher-level students. AET courses target advanced language proficiency, instructor development, and professional development.

Language Development courses, including PME Prep, ALPS I and II, and TOEFL Prep, employ an integrated curriculum designed to enhance students' language proficiency in listening comprehension, speaking, reading, and writing. These courses also foster critical thinking skills and expand students' knowledge of American culture. Will Benefit: - Instructors - NATO and international posting candidates - Translators and interpreters - Candidates for professional military postgraduate studies - Any students needing advanced academic language skills.

Instructor Development courses such as the Basic American Language Instructor Course (BALIC), and the Advanced English Language Instructor Course (AELIC), are designed to provide training and practice in English as a Foreign or Second Language (EFL/ESL) methodology for novice as well as experienced instructors. These courses provide advanced instruction in grammar and phonology and are designed to improve an individual's proficiency in listening comprehension, speaking, reading, and writing. Familiarization with American culture, along with learning how to incorporate cultural knowledge into the teaching process, is also emphasized.

Professional Development courses, such as the Materials Development Seminar (MDS) and Managing English Language Training (MELT), provide English language specialists with comprehensive training in curriculum development and language program management as practiced at DLIELC. The Observer Professional Training courses complement these by offering a tailored orientation for managers, supervisors, and key training staff in the development, coordination, and execution of English Language Training Programs (ELTP). These courses are ideal for anyone involved in language training program management, ensuring a robust understanding and effective implementation of ELTP operations.

Charts on the following pages contain a quick reference to the entry and graduation requirements for all AET courses. Detailed descriptions of each course appear after the charts.

The fiscal year charts at the end of this section provide a visual representation of the training calendar to aid student programming for multiple courses. Please note that all class dates are subject to change.

Important Notes:

1. **There are no waivers to the entry requirements for Advanced English courses.**
 2. **Candidates programmed for direct entry into AET must meet their ECL and/or OPI requirements in country prior to arrival at DLIELC. Schedule a telephonic OPI well in advance of the course start date (OPI scores are valid for six months).**
 3. **Students who do not meet AET entry requirements will be transferred to General English. Return to AET cannot be guaranteed and will be determined on a case-by-case basis.**
 4. **Students may be programmed for two or more consecutive AET courses to meet individual training needs. Consult the Notes section on course description pages to see which course combinations are *not* allowed.**
 5. **Classes may be canceled 30 days prior to the start date if the minimum enrollment is not met.**

Courses for Advanced Language Development

Welcome to our suite of advanced language development courses: Professional Military Education Preparation (PME Prep), the Advanced and Test of English as a Foreign Language Preparation (TOEFL Prep). Each course is designed to improve English language proficiency and equip students with the skills needed for success in a variety of demanding environments, from professional military settings to academic institutions. The focus is on developing essential skills for effective communication - listening, speaking, reading, writing, inter-cultural competence, and critical thinking.

Professional Military Education Preparation (PME Prep) Course

MASL: D177014

Course Length: 9 weeks

Entry Requirements: 80 ECL

Minimum Class Size: 4

PME Prep empowers international military leaders to communicate with confidence by enhancing English proficiency and cross-cultural skills. The course builds these skills through in-depth study of military doctrine, academic research, and current geopolitical issues. Students actively engage with the material through reading, listening, and participating in lectures and briefings. They then demonstrate their mastery through complex oral and written assignments, including formal discussions, policy briefs, and an academic research paper. The course culminates in a United Nations Security Council role-play, providing a practical application of newly acquired skills.

PME Prep Note: Specialized English Training (SET) academic modules may be programmed for students who require training outside these course dates or in the event of insufficient enrollment.

Advanced Language Proficiency Skills I (ALPS I)

MASL: D177018

Course Length: 12 weeks

Entry Requirements: 80 ECL
2/1+ OPI

Minimum Class Size: 6

ALPS I equips professional military and civilian personnel with intermediate-level English skills needed for success in English-speaking environments. Students enhance their accuracy, vocabulary, and grammar through daily practice in all four language skills: reading, listening, speaking, and writing. The course utilizes authentic materials, class discussions, presentations, and theme-based projects centered on everyday topics and current events.

ALPS I Notes:

1. Recent graduates of follow-on training, AELIC, MDS, or MELT may ***not*** attend ALPS I.
2. Students entering ALPS I with a 2/1+ OPI rating will receive a maximum of two OPIs while in residence in order to meet the 2/2 diploma requirement.
3. Students may attend ALPS II immediately after ALPS I if desired.

Advanced Language Proficiency Skills II (ALPS II)

MASL: D177031

Course Length: 12 weeks

Entry Requirements: 85 ECL

2/2 OPI

Minimum Class Size: 6

ALPS II supports high-intermediate learners in developing linguistic accuracy and complexity through integrated tasks that mirror the academic demands of Professional Military Education. Intensive class interaction allows students to hone all four language skills through discussions, presentations, intensive reading and listening, note-taking, and essay writing (using standard academic patterns) as they explore theme-based content that moves from concrete to abstract.

Test of English as a Foreign Language Preparation (TOEFL Prep) Course

MASL: D177040

Course Length: 12 weeks

Entry Requirements: 80 ECL

2/2 OPI

Minimum Enrollment: 6

TOEFL Prep readies students with the test-taking skills and academic proficiency needed to succeed on the TOEFL iBT. Upon completion, students will confidently apply effective test-taking strategies and demonstrate strong competency in speaking, listening, reading, writing, and vocabulary. This course is ideal for military and civilian professionals pursuing certificates or degrees at DoD schools and colleges, and for English as a Foreign Language (EFL) instructors preparing to teach TOEFL familiarization courses.

TOEFL Prep Notes:

1. Schedule a telephonic OPI with DLIELC well in advance of the course dates (4+ weeks). OPI scores are valid for six months.
2. Only students scheduled for follow-on training (FOT) that requires a TOEFL score will take the TOEFL iBT.
3. For students with an FOT TOEFL requirement of 83, an in-country TOEFL iBT score of 70 or higher is strongly recommended. For students with an FOT TOEFL requirement of 90, an in-country TOEFL iBT score of 82 or higher is strongly recommended.
4. There are no waivers to course entry requirements.
5. DLIELC will purchase up to 2 tests, but once the TOEFL requirement is achieved, no additional tests will be purchased.

*This iteration of the TOEFL Prep is 13 weeks long.

Instructor Development Courses

DLIELC provides a variety of courses to enhance the skills of international English language specialists - those involved in teaching, program management, and course/test development. DLIELC also recommends that these specialists maintain their language proficiency by enrolling in a suitable ALPS course every two to three years.

Basic American Language Instructor Course (BALIC)

MASL: D177007

Course Length: 24 weeks

Entry Requirements: 80 ECL

Minimum Class Size: 6 (max 30)

BALIC provides military and civilian personnel teaching English to non-native speakers with a strong foundation in ESL/EFL, enabling them to effectively teach English in their countries. The course is structured into three blocks that enhance English proficiency in all four skills (listening, speaking, reading, and writing) while expanding knowledge of grammar, vocabulary, teaching fundamentals, linguistic functions, American culture, and the American Language Course (ALC). Participants also observe experienced ESL instructors and gain valuable practice-teaching experience using ALC materials.

BALIC Notes:

1. Students will receive a maximum of two OPIs while in residence in order to meet the diploma requirement rating of 2/2.
2. BALIC graduates must wait two years after graduating before attending AELIC.

Advanced English Language Instructor Course (AELIC)

MASL: D177006

Course Length: 16 weeks

Entry Requirements: 85 ECL

2/2 OPI

Completion of BALIC or proof of teaching degree (or equivalent)

Minimum of 2 years teaching experience

Minimum Class Size: 6 (max 30)

AELIC is designed for experienced ESL/EFL instructors and is divided into two blocks of instruction: skills and methodology. The purpose of the course is to introduce current language teaching theory and methodology, facilitate discussion and demonstration of best instructional practices, and give students opportunities to continue developing their own language skills. Participants will learn to deliver student-centered, communicative lessons and adapt instruction to diverse learning factors through classroom observations and practical application.

AELIC Notes: BALIC graduates must wait two years after graduating before attending AELIC or have a teaching degree (or equivalent).

Managing English Language Training (MELT)

MASL: D177013

Course Length: 8 weeks

Entry Requirements: 80 ECL

Minimum Class Size: 6 (max 16)

MELT is an intensive professional development course designed to empower international leaders serving, or preparing to serve, as language training program (LTP) managers with the skills and knowledge to effectively lead their organizations. The course integrates seminar-style presentations and discussions with hands-on workshop activities, featuring expert insights on leadership, security cooperation, and academic program management. Participants develop a capstone project focused on improving their organization, engage with DLIELC leaders, and analyze their LTP using best practices, including DLIELC as a model. This approach enhances practical knowledge and competencies for LTP administration, supervision, and leadership.

Materials Development Seminar (MDS)

MASL: D177030

Course Length: 8 weeks

Entry Requirements: 85 ECL

Needs Analysis worksheet (see below)

Completion of BALIC, AELIC, or a teaching degree (or equivalent)

ESL/EFL instructor with minimum 2 years of experience

Minimum Class Size: 6 (max 16)

MDS is a seminar designed for international English language specialists who create instructional materials. Participants learn DLIELC’s curriculum development process, focusing on course design, writing language objectives, and developing targeted classroom activities. Participants, who must possess basic computer skills, will electronically develop their instructional materials based on a pre-defined curriculum project. While time constraints preclude assessment development, participants may create practice materials to prepare students for assessments like TOEFL or STANAG tests.

MDS Notes:

1. **IMPORTANT REGISTRATION REQUIREMENT:** Each MDS participant must define a project in advance by completing a Needs Analysis worksheet prior to arrival. Submit the completed worksheet within three weeks of enrolling. See complete instructions for the Needs Analysis worksheet at <http://www.dlielc.edu/org/332TRS/mds.php>
2. Students interested in developing STANAG preparatory materials should consider attending Observer Professional Training – English Language Proficiency Testing *before* enrolling in MDS.

Observer Professional Training

These courses are available by special arrangement only and may be subject to blackout periods without notice. Please contact DLIELC before programming Observer Professional students.

Observer Professional Training – DLIELC Familiarization

MASL: D177002
Course Length: 1-2 weeks
Entry Requirements: N/A (80 ECL strongly recommended)
Minimum Class Size: N/A (max 10)

This training develops the skills and knowledge of managers, supervisors, and key training staff in the development, coordination, and execution of English Language Training Programs (ELTPs). Participants receive a customized blend of briefings, seminars, and observations, focusing on specific areas of ELTP operations tailored to their needs, including testing, curriculum development, classroom instruction, overseas and country program management, and warehouse operations.

Observer Professional Training – English Language Proficiency Testing

MASL: D177003
Course Length: 2 weeks
Entry Requirements: 85 ECL,
2+/2+ OPI
Minimum Class Size: 4 (max 6)

Taught by experienced members of DLIELC's Testing Flight, this course familiarizes participants with the principles and practical techniques for creating, administering, and evaluating criterion-referenced English language proficiency tests aligned with Interagency Language Roundtable (ILR) levels (closely correlated with NATO STANAG 6001). The course objectives can be tailored to include testing of any or all language skills based on participants' specific requirements.

English Language Proficiency Testing Note: Students may attend this course in conjunction with ALPS II or AELIC if desired.

DLIELC Academic Library

The DLIELC Academic Library provides a range of resources in support of the students, faculty, and staff. The resources supplement the curriculum supporting the development of students' listening, reading, and speaking proficiencies. Resources include Graded Readers, fiction and non-fiction materials, books with corresponding CDs, DVDs, reference, biographies, and course materials on reserve. The online DLIELC Academic Library Information Guide provides access to numerous open access databases and e-books, military reading lists, military and government publications, and supplemental materials for student classes. The Information Guide is open and available to the DLIELC community and the public. Additionally, the library provides a space to be used as a classroom, individual quiet study, group study, or for small meetings.

DLIELC Learning Resource Center

DLIELC Learning Center (LRC) mission is to instruct US and international military students to communicate in English, apply English as a Second Language (ESL) principles, practices, and techniques, and provide professional assessment and instruction of ESL skills to students through independent study. The LRC also provides multimedia support services, tutoring sessions, and assists instructors and students in the selection and operation of multimedia and ESL websites. The LRC resources supplement the curriculum and support the progress of the student's English language skills such as grammar, vocabulary, listening and speaking, and provides collaborative space to accommodate group or individual study.

Part IV — Student Information

MISSION

DLIELC 637th International Support Squadron

The 637 ISS mission is to conduct worldwide English Language Training operations and provide International Military Student support in order to strengthen language readiness and cultural interoperability among DoD security cooperation partners and allies. The Total Force squadron conducts and supports worldwide English Language Training operations for approximately 6,000 International Military Students (IMS) at its resident campus and in all six geographical combatant commands to strengthen language capabilities and cultural knowledge to support interoperability.

Additional information for SCO

1. If SCO is not purchasing IMSs flight ticket, the IMSs or country representative must provide flight itineraries to the American Embassy for posting onto the SAN Web. Both tickets purchased by the SCO and the country **must be posted no later than 15 days before the report date**. If arrival information is not on SAN Web on time:
 - a. Base access will be denied when the IMSs arrive and class start date may be at risk. **Travel itineraries should be scheduled with at least two hours of connection time between flights at customs checkpoints to allow extra time for any unforeseen flight delays.**
 - b. DLI Service Desk will not be able to procure advance reservation confirmation for lodging on base.
2. IMSs must report to the Front Desk in Operations Building NO LATER THAN 1700 Tuesday whether he/she will be living on/off Base. For information on required arrival times reference the FY25/26 Alternate Arrival Calendars.
3. DLIELC will not authorize class entry for IMSs who miss flights due to negligence on their part.
4. Mandatory in-processing briefings begin promptly at 0745 on the Thursday prior to the start of class. Failure to arrive on time may cause the IMSs to be delayed class entry a week. Military personnel must report to the in-processing briefings in uniform.
5. Base Access. IMS will not be granted base access if reporting prior to Report Date; **NO EXCEPTIONS**. Any early arrivals to Lackland will require an ITO amendment with adjusted Report Date to gain access.
6. All Partner Nation salary and supplemental living allowances will be coordinated by Partner Nation; it is not managed by DLIELC.
7. **If IMSs are advanced a sum of money to cover their FOT expenses, the exact amount that will be used for lodging and/or TLA as well as the FOT location must be stated in Item 15 of their ITO.** If there is no statement in Item 15, Military Department (MILDEP) Finance Department will subtract the amount of the advance from what the IMSs are due in living allowances while at DLIELC.
8. All IMSs, regardless of country, rank or funding status must have sufficient funds for transportation from SAT to JBSA-Lackland in the event they miss the Lackland shuttle bus, to take the zTrip or Uber making sure that the driver has base access (Refer to Transportation to DLIELC on page 50).
9. **Per DSCA Policy 18-31, SAMM Chap 10.12.1 dependents are not authorized at DLIELC.**
10. Inbound IMSs must carry at least four (4) paper copies of their ITOs. IMSs are also encouraged to place one copy of their ITO inside each piece of luggage. JBSA-Lackland Security Forces will deny base access to IMSs who do not have valid ITOs on the SAN Web. **The base will deny access to IMSs with ITOs showing training at DLI as pending or planning.**

11. Although students will obtain the DLIELC Student Handbook upon arrival, they can read/download the online version from [https://www.DLIELC.edu/Student Handbook/](https://www.DLIELC.edu/Student%20Handbook/). They will be responsible for adherence to the DLIELC policies and procedures contained therein.
12. The International Resident Support Flight (637 ISS/IRF) Country Program Manager Assistants (CPMA) coordinate travel arrangements with the JBASA-Randolph CTO for IMSs whose travel is financed by the US government as authorized by in their approved ITO.
13. **SCOs are responsible for calculating the dollar amount of baggage allowance for those IMSs whose countries pay travel, but for whom the US Government pays baggage.** State in item 15 of the ITO in total dollar amount for the number of bags authorized.
14. Once JBASA-Randolph CTO makes the travel arrangements, IMSs are not permitted to change the flight schedules.
15. IMSs must retain all copies of travel receipts in order to process transportation claims with the finance offices at DLIELC, FOT IMISO, and/or the SCO.
16. For accountability purposes, IMSs who wish to travel outside the San Antonio area must complete an Out-of-Area Travel form for the 637th International Support Squadron (ISS) Commander.

Pre-Departure Checklist

All the following items must be accomplished prior to IMSs departing country:

Contact DLIELC

IMSS can:

1. Use a San Antonio International Airport (SAT) courtesy phone located in terminal B to call DLIELC free of charge at 210-671-2929.
2. If open, report to the USO in Terminal B Baggage Claim after calling DLI Front Desk in Operations Building.

Transportation to DLIELC

1. IMS should take a zTrip/Taxi/Uber to the Luke East Visitor Center to get a pass.
2. Base Transportation is currently not able to support transportation requests between 2400 – 0600. To compensate, we request that IMS arrive to SAT before 2030 to ensure enough time for customs, baggage, travel to Lackland.

Initial Report to DLIELC

1. IMSs must report to Front Desk in Operations Building directly upon arrival at JBSA-Lackland. If after 1700, IMSs will report the next duty day morning **NO LATER THAN 0800** for in-processing.
2. All DLIELC in-processing activities are **mandatory**.
3. Failure to attend any part of the mandatory in-processing briefings will delay scheduled class entry one week.
4. In the event of legitimate travel delays, 637 ISS/IRF Flight Chief must clear IMSs for later in-processing entry.

Defense Biometric Identification System (DBIDS)

All IMSs must register their ID Cards in DBIDS in order to ensure access onto JBSA-Lackland when IDs are scanned by Base Security Forces. IMSs will be granted access only to military installations authorized on their ITOs.

Lodging

1. IMSs will lodge at the JBSA Lackland-Gateway Inns and Suites, located adjacent to DLIELC, unless funded by their own government and allowed to live off base.
 - a. Gateway Inns and Suites houses IMSs, United States (US) Military and civilians. Rooms are available on a first come, first serve basis or space available basis with no regard to rank.
 - b. In the event there are no vacancies at the Gateway Inns and Suites, every attempt will be made to temporarily house IMSs at another JBSA-Lackland Gateway Inns and Suites or to a local hotel until lodging becomes available on JBSA-Lackland.
 - c. Gateway Inns and Suites **do not offer VIP accommodations**. Officers O-6 and above are to be advised that specific room types and sizes are not guaranteed and assigned on a first come first serve basis.
 - d. Lodging provides microwaves and refrigerators. **The use of hot plates, frying pans, woks, or small ovens, is completely prohibited.** IMSs caught with such items will be fined and subject to eviction from Gateway Inns and Suites.
 - e. The Amigo Inn Dining Facilities (DFAC) is also available for IMSs meals.
 - f. Smoking and storage of smoking devices is prohibited in Gateway Inns and Suites rooms. **IMSs will be heavily fined for smoking in quarters/unauthorized smoking areas and subject to disciplinary action and/or eviction.**
 - g. Dependents **are not** permitted to reside on JBSA-Lackland.
2. Gateway Inns and Suites rates may change from fiscal year to fiscal year. Adjustments to IMS's ITO will be made in the event of a rate change.
3. The SCO will brief all IMSs who elect to live off-base on the following restrictions:
 - a. IMSs are **NOT** eligible for the Service Member Relief Act or any other military benefits.
 - b. IMSs with authorized dependents on the ITO will be responsible for establishing their own lodging and transportation.

- c. IMSs will not be released/exempt from mandatory in-processing to attend to dependent support such as enrollment of children in school, housing, medical, etc.
- d. DLIELC will not endorse or provide assistance on off-base housing to IMS and/or dependents.
- e. Off-base housing is limited and expensive. Short-term lease apartments are limited and cost more than a 12-month lease. Military clauses do not apply to IMS.

Firearms / Weapons

IMSs are not authorized to carry weapons, firearms or knives over three inches long while at DLIELC. If an Acknowledgment of and Agreement to Restrictions is not posted on the SAN Web, the IMS will complete and sign the form during initial in-processing at DLIELC. This will be filed in the IMS record which will follow him throughout his training in the U.S.

Driving Privileges

All IMSs, regardless of rank, are solely responsible for their actions while driving an automobile. It is the sole responsibility of the IMSs to verify that they are authorized to drive, possess a valid license that is recognized by the State of Texas, possess required driving insurance, and familiarize themselves with Texas driving laws. Failure to adhere to JBASA-Lackland driving regulations and Texas State law will result in disciplinary and legal action.

1. Driving at JBASA-Lackland, in the State of Texas, or in the US, is a privilege, not a right.
2. IMSs are required to have a Texas State driver's license or international driving permit to legally drive.
 - a. IMSs who fail to obtain an authorized driver's license or international driving permit and who are caught driving will be subject to disciplinary and legal actions, including arrest.
 - b. DLIELC strongly recommends all IMSs arrive with an international driving permit.
 - c. Not all IMSs will be eligible to earn a Texas State driver's license. A driver's license is issued by the State of Texas and denial may be for any number of reasons. Any denial by the State of Texas cannot be challenged.
 - d. DLIELC will not sponsor any IMSs for a Texas driver's license.
 - e. DLIELC will not procure a Texas driver's license or international driving permit for any IMSs.
3. DLIELC has restricted parking areas on campus for faculty and staff only. Limited IMSs parking is available.
4. IMSs shall review Texas State Administrative Code for International Reciprocity in Driver Licensing to determine if an international driving permit is required. IMSs may begin the process of obtaining a Texas driver's license if the following conditions are met:
 - a. ITOs must indicate that the IMSs are in training in the US for a total of 12 months or more.
 - b. ITOs must indicate that the IMSs are in training at DLIELC, JBASA-Lackland, for six months or more.

5. IMSs from NATO countries, 1943 Inter-American Convention countries, 1949 World Convention countries, 1968 Convention on Road Traffic countries, have an agreement with the State of Texas and may be permitted to drive in the State of Texas with a translation letter.
 - a. IMSs must have a driver's license in their home country to qualify for a translation letter.
 - b. IMSs that do not possess a home country driver's license will follow the same procedures that apply to all other IMSs to obtain a State of Texas driver's license.
6. IMSs planning to travel to FOT by Privately Owned Vehicle (POV) must have it noted on their ITO and must notify the CPM 30 days in advance.
7. IMSs that are authorized to drive must purchase Texas auto liability insurance at their own expense.
8. IMSs who buy a car while at DLIELC are required to register the vehicle in the State of Texas.

IMS from the countries listed below ARE NOT AUTHORIZED TO DRIVE WITH THEIR HOME COUNTRY DRIVER'S LICENSE. They must acquire an international driving permit in country translated to English or a Texas driver's license prior to driving a vehicle:

Afghanistan	Angola	Botswana
Burkina Faso	Burundi	Cameroon
Cape Verde	Chad	Comoros Islands
Djibouti	East Timor	Ethiopia
Gabon	Guinea	Indonesia
Iraq	Kiribati	Kosovo
Liberia	Libya	Maldives Island
Mauritania	Mozambique	Nauru
Nepal	Oman	Sao Tome & Principe
Saudi Arabia	Solomon Islands	South Sudan
Suriname	Vanuatu	Western Samoa
Yemen	Zambia	

Medical

1. IMSs must bring completed, signed and stamped medical DD Forms 2807-1 and 2808 in English for themselves. DSCA authorizes an exception to policy for “fast track” countries listed in the SAMM in Table C10.T9. in section C10.8.5.5.6.
2. Completion of the following vaccinations MUST be annotated on the DD Form 2808: Measles, Mumps, and Rubella; Polio; Tetanus and diphtheria toxoids and acellular pertussis (if indicated Td/Tdap); Varicella (chickenpox); Yellow fever (if traveling from or thru an infected area); Hepatitis A and Hepatitis B; COVID-19. Failure to provide complete vaccination records may result in REVACCINATION for required immunizations.
3. IMSs requiring flying or specialty Class 1, 2, or 3 medical examinations/physicals must have them completed in country before arriving at training in the US. The medical documents must be translated into English prior to arriving at DLIELC.
4. Specialized Physicals (e.g., Flight Physical) take on average 9 weeks to complete and gain Headquarters approval. Treatment of uncorrected Dental Class 3 conditions will require an Additional 4-6 weeks. Thus IMSs who report with uncorrected medical or dental issues MAY NOT gain US Army, Air Force or Navy approval to proceed in time for Follow on Training (FOT).
5. IMSs MUST have Dental Treatments COMPLETED before departing for the US. Dental treatment availability is very limited. Dentists are available on-base for emergency care and for limited specialty required care. For any other dental care, IMSs will be referred to an off-base civilian dental clinic if available and funded according to healthcare agreements (often at home nation expense).
6. There is limited urgent medical care at JBASA-Lackland. Medical emergencies are treated at San Antonio Military Medical Center (SAMMC) at JBASA-Fort Sam Houston or at local civilian hospitals. DLIELC staff and the JBASA-Lackland Urgent Care staff at Wilford Hall Urgent Care Clinic do not offer off-base medical referrals.
7. IMSs with routine medical issues or ailments will go to Reid Clinic on JBASA Lackland.
8. An ambulance will be called for any and all medical emergencies or non-routine medical issue. IMSs can also call 911 from any telephone for immediate medical assistance.
9. SCOs must fully brief IMSs and ensure IMSs fully understand their medical payment responsibilities for themselves and their authorized dependents prior to departure from country. DLIELC does NOT provide any assistance in interpreting medical agreements.
10. IMSs with authorized dependents must arrive at DLI with completed, signed, and stamped medical DD Forms 2807-1 and 2808.
11. IMSs must make appointments for their dependents after class hours. IMSs will accrue an unauthorized absence for each missed class due to dependent appointments.
12. If the ITO does not provide medical coverage for dependents, the IMSs must provide medical insurance which is valid in the US for the dependents. It must include pregnancy insurance for female dependents.
13. DLIELC staff will not provide assistance to IMSs in selecting insurance companies from which they must obtain medical insurance and/or pregnancy insurance for dependents.

Class Attendance

1. Class attendance is mandatory.
2. Classes missed due to dependent support issues will **NOT** be excused.
3. Failure to attend classes, scheduled appointments, and mandatory meetings will result in disciplinary action.
4. IMSs should check regularly with the Military Training Managers (MTMs) for any disciplinary and attendance point totals.
 - a. IMSs will be presented with disciplinary or attendance point letters when they have accrued fifteen (15) points. All letters will be filed in the IMSs record.
 - b. A Special Inquiry (SI) will be conducted. Consult 637 ISS OI 16-001 (Disciplinary Instruction) for further details. A Disciplinary Evaluation Board (DEB) will be convened.
 - c. IMSs who refuse to acknowledge disciplinary or attendance point letters by signature will be noted as “refused to sign”.
5. IMSs will not be required to attend classes on specified home country holidays or US recognized holidays. IMSs will see their Country Program Manager (CPM) upon arrival for information on authorized holidays. DLIELC is **NOT** authorized to change home country authorized holiday(s).
6. IMSs are not authorized employment while attending DLIELC.

Uniforms and Saluting

1. IMSs must have an adequate number of uniforms. DLIELC recommends three (3) – four (4) sets at a minimum and one (1) formal (dress) for graduation.
2. Authorized shoes must be included with uniform.
3. Cold weather gear (warm coat) should be included for the months of November through March. Weather in San Antonio ranges from extremes of 15°F (-10°C) to 110°F (44°C).
4. IMSs shall conform to US military standards including:
 - a. Proper wearing and displaying of US equivalent rank, DLIELC insignia, and name tag.
 - b. Maintaining clean uniforms and personal hygiene.
 - c. Wearing covers (hats) at all times outside of buildings, including under enclosures.
 - IMSs who do not have covers as part of their military uniform will be excused from this policy.
5. IMSs are not required to render hand salutes due to the diversity and complexity of international rank insignia but should make all attempts to give the proper military honors if the rank of the superior officer is known. Superior officers shall return the salute of subordinates, if given.

Physical Training (PT)

1. DLIELC does not provide assistance to or oversight for IMSs’ PT training. All PT is the responsibility of the IMSs.
2. PT standards are required for IMSs reporting to certain FOT assignments, as indicated in block 12.d. of the ITO.

3. IMSs are highly encouraged to utilize JBSA-Lackland on-base gym, track and swimming facilities and engage in their own self-monitored PT. During COVID IMS will not be able to utilize the base gym until they are done with Restriction of Movement requirements, if applicable, and have been issued a USID.

Student Devices

DLI is shifting to an online learning platform, which requires students to use computers for their studies. Students may use personal laptops brought from home, or choose to be issued a laptop from DLI. It is the student's responsibility to maintain their laptop in good working order, and utilize the DLI Laptop Shop to rectify any issues they have throughout their time at DLI. At check-in, students will be asked if they want to be issued a device, or if they prefer to use their personal device. If the student chooses to be issued a device, they will be given a time for device issue during in-processing week.

At the conclusion of their training, students will be given a time for device-turn. DLI highly encourages students to ensure their laptops are in good working order prior to turn-in, as students will be held responsible for damages.

Out-Processing and Graduation

1. All graduating IMSs **must attend scheduled mandatory out-processing briefing** and bring their medical forms (DD Forms 2807-1 and 2808).
2. All graduating IMSs who receive funds from the US Government (living allowance and/or flight tickets, and funds to pay for baggage) must attend scheduled mandatory out-processing finance briefing and bring a copy of their ITOs and flight itinerary.
3. All IMSs must submit the out-processing checklist and transportation questionnaire to the 637 ISS/IRF training technicians by Monday of their graduation week or the IMSs will not receive their graduation documents.
4. IMSs attending contractor FOT or returning homeland will be required to surrender their NextGeneration Uniformed Services Identification (Commonly referred to as USID) card before graduation. Failure to do so will result in the withholding of graduation documentation until USID card is surrendered.
5. Attendance at the DLIELC **graduation ceremony is mandatory**.
 - a. IMSs who report late for the ceremony roll call will not be allowed to attend and will be required to attend a formal counseling with 637 ISS/IRF Flight Chief or Operations Chief to receive their graduation documents.
 - b. IMSs who are late or do not otherwise attend the graduation ceremony will not receive their graduation documents.
 - c. 637 ISS Commander and 637 ISS/DO have the authority, based on a review of mitigating circumstances, to excuse IMSs from attending the graduation ceremony.

Part V—Nonresident Training Program

In-Country English Language Training Program (ELTP) Support

637th ISS International Nonresident Flight (637 ISS/INF)

As part of DLIELC's 637 ISS, INF conducts world-wide operations to strengthen the English language readiness of international allies and partners to advance Security Cooperation goals in all six geographic combatant commands and within CONUS.

General English and English for Specific Purposes (ESP) Curricula

General English	American Language Course (ALC)
English for Specific Purposes	English Skills for Staff Officers (ESSO) in Multinational Operations
	American Military English Course (AMEC) -Topics in Counterinsurgency -General Military Topics -Army Topics -Air Force Topics -Navy Topics -Aviation Topics

MTTs, LTDs, and Surveys

DLIELC offers a variety of support options to help establish and maintain effective nonresident ELTPs coordinated through INF (nonresident refers to outside of DLIELC campus):

- Instructional Mobile Training Teams (MTTs)
- English Language Training (ELT) site surveys
- Instructor development and test development workshops.
- Language Training Detachments (LTDs) to assist in the operation or establishment of ELTPs

MTTs and LTDs work closely with US and host country personnel to determine English language training needs, manage ELTPs, instruct classes, or train new instructors.

Fundamentals (Units 1-3)

Fundamentals

ALCPT Range 0-20

Fundamentals (Units 1 – 3)

The ALC Fundamentals course is designed to develop basic English skills required for everyday situations. It is designed for students who are familiar with letters of the Latin alphabet, numbers 1-100, and simple formal greetings but lack the requisite English proficiency to begin ELT in ALC Level I.

- Student placement into the ALC Fundamentals should be informed by both the ALCPT score and awareness of a student's ability to succeed in ALC Book 1, if possible
- Includes over 300 visual-vocabulary terms using posters and flashcards
- Uses communicative individual, pair-work, group-work activities and exercises
- Develops student ability to identify and describe people and things, ask and answer simple questions, use grammatically correct simple sentences, and deal with daily situations

Computer Based Training for Level VI

The Level VI CBT supports and reinforces the ALC objectives presented in Books 31-34 and consists of interactive language activities that will help the Advanced Professional language student. *CBT can be pre-loaded onto computers in Language Laboratory System purchases.

Level VI CBT Package (4 CDs)

Instructor Resources

780, Overview of the American Language Course: A Reference Guide to Levels I-VI for Instructors

This publication is designed to acquaint ESL/EFL instructors and program managers with the organization, content, and components of DLIELC's intensive general English materials. (CD)

782, Grammar for the American Language Course

This publication provides references to the grammar objectives presented in the ALC materials and is a resource for ESL/EFL instructors using the ALC.

789, Indexes to American Language Course Levels I-VI

Designed as a resource for ESL/EFL program managers and instructors, the *789 Indexes*, in the form of searchable pdfs, provides the means to identify and locate ALC language learning objectives, including vocabulary. The objectives are indexed by their sequence in ALC books and by their type, i.e., vocabulary, grammar, language functions, and skills (reading, speaking, listening, and writing). Included in the *Indexes* are scope and sequence charts for Books 1-34, descriptions of Levels I-VI, an index of military and civilian themes, and a glossary of ALC objectives terminology. (CD)

English Skills for Staff Officers in Multinational Operations (ESSO)

ALCPT Range 80+

The English Skills for Staff Officers in Multinational Operations (ESSO) course is designed to enhance overall English language proficiency with a focus on oral and written communication skills needed for interaction in multinational settings.

Language activities are planned around content relevant to today's military leaders. Topics include: Globalization and Military Partnerships in the 21st Century; Intercultural Factors in Multinational Operations; Command Structure and Leadership in Multinational Environments; NATO and Other Regional Alliances; Counterinsurgency; the United Nations, Peacekeeping and Peacebuilding; and Multinational Humanitarian Missions.

Each unit emphasizes the development of language skills through the integration of listening, speaking, reading, and writing. Specific attention is given to group discussion skills, briefings, speeches, and professional forms of writing. Advanced vocabulary development, along with strategies for learning new words, is also included.

NOTE: *There is a minimum order of 10 Student Texts, one Instructor Text, and one DVD for ESSO course materials.*

American Military English Course (AMEC) Starter Packages

ALCPT Range 70-80

The AMEC consists of language lessons based on General Military, Army, Air Force, and Navy topics, and Topics in Counterinsurgency.

Each text consists of five units, including one review unit, evaluation exercises, and homework activities. The materials focus on the four language skills (listening, speaking, reading, and writing) as well as vocabulary, military expressions, military acronyms, functions, and grammar. Learning strategies and classroom guidance are also included.

Two sets of audio recordings are included. The listening skills recordings provide the students practice in topics related to the lesson. The unit recordings are an oral version of the readings and some of the explanations contained in each lesson.

The AMEC materials can be purchased in Starter Packages. Each starter package includes enough copies of the materials for a class of ten students and one instructor. Additional copies of materials can be purchased when a Starter Package is purchased

NOTE: *There is a minimum order of 10 Student Texts and one Instructor Text for all AMEC materials.*

Part VI—English Language Computer Laboratory Systems

How to Obtain Language Laboratory Systems with IMET Funding

DLIELC recommends the procurement of a language laboratory after an appropriate number of instructors have been adequately trained and testing and training materials have been purchased. English Language Laboratory Systems (ELLS) are a supplement to English language training (ELT) and should be utilized for testing and reinforcement of classroom instruction. All language laboratory purchases funded via IMET require DLIELC recommendation. Below are some of the factors that DLIELC considers in the approval of a language lab.

- a. **SCO input/justification for equipment**
- b. **Replacement lab vs. new lab**
- c. **Existing ELTP at the site requesting a lab**
- d. **ALC book orders in the past five years**
- e. **Students trained in instructor development courses in the past five years** (i.e., BALIC, AELIC, or the equivalent)
- f. **DLIELC-conducted site surveys**
- g. **Progress made in implementing past DLIEC survey recommendations.**

For preliminary DLIELC review of an IMET-funded lab, please send your language laboratory request to DLIELC at DLIELC.NonResident.Programs@us.af.mil or contact your DLIELC International Nonresident Flight (637 ISS/INF) Overseas Program Manager.

Computer Based Training (CBT) System Requirements

In the field of ELT, multimedia computer platforms and computer-assisted language learning methodologies have rapidly evolved to the point of universality in their application to language training. Computer Based Training employs multimedia—full-motion video, graphics, text, animation, and sound—to support classroom and textbook language learning objectives.

DLIELC has developed and integrated CBT as part of the total instructional package for its training materials to support Levels I through VI of the ALC. Because students control the pace and direction of the lessons, they can concentrate on exercises to address any gaps in language skills and become more independent learners of English. Students at DLIELC utilize the CBT two class periods per week.

*CBT for ALC levels I-VI can be pre-loaded onto computers in Language Laboratory System purchases.

CBT Systems Requirements	
Minimum Operating System and Software Requirements	
CBT courseware is compatible with the following Microsoft Windows operating systems:	
MS Windows 10	MS Windows Vista
MS Windows 8.1	MS Windows XP Service Pack 3
MS Windows 8	(minimum requirement)
MS Windows 7	
<u>NOTE:</u> CBT is NOT compatible with Windows 8 RT, the mobile OS from Microsoft.	
1.5 Ghz processor or faster processor (2 Ghz recommended)	
4 GB RAM	
500 GB ATA 7200 RPM hard drive (1 TB recommended)	
Graphics card supporting DirectX 9 with 256 MB of RAM (DirectX 10 with 1 GB of RAM recommended)	
CD-ROM / DVD-ROM drive – for installation only	
Audio input / output	
Headphones or speakers; microphones	
Keyboard and mouse	
15-inch or larger monitor with resolution capability of 1024 x 768 (17-inch monitor recommended)

International Military Education and Training (IMET)

Programming

- › DLIELC curriculum materials are programmed on the USAF Standardized Training List (STL) under Worksheet Control Number (WCN) 0003/DBKPUBO for materials and WCN 0004/DOOPCHT for packing and shipping.
- › Air Force Security Assistance Training (AFSAT) will provide funding authorization.
- › **In order to ensure IMET orders can be processed by 637 TRSS/TLF before the end-of-fiscal-year, forward orders to AFSAT by 1 May.**

Requisitions

Download DD Form 1149 and Order Form from our web site www.DLIELC.edu. After completing the requisition, forward to:

AFSAT/TOC
315 J St West
JBASA-Randolph TX 78150-4354

E-mail: AFSAT.Country.Manager@us.af.mil

Info copy to: 637 ISS/INF

E-mail: DLIELC.NonResident.Programs@us.af.mil

Important Recommendations

- › Work closely with your AFSAT IMET country manager to ensure that your USAF STL is properly programmed and funding is authorized.
- › DLIELC normally packs and ships within 90 days of receipt of requisition from AFSAT, there are many contributors to delays in the shipping process, including customs clearance in country. Be sure you consign the IMET shipment to the US Embassy or Military Mission to assist customs clearance.
- › Whenever possible, request air shipment to avoid a long delay.

Shipping Costs and Procedures

- › Include air shipment charge at 50% of materials excluding the cost of CBT disks.
- › APO, FPO or DPO orders cannot exceed three boxes.
- › For ground shipment within CONUS, include 20% of the cost of the materials, For OCONUS Shipments to APO, DPO, or FPO, include 20% Of the cost of the material.

Example:

Total materials cost	\$50,000
Cost of CBT CDs	\$20,000
Air shipment would be calculated by subtracting CBT cost from total materials cost times 50%.	\$50,000 - \$20,000 \$30,000 x .50
Total shipping cost would be	\$15,000

Foreign Military Sales (FMS)

Procedures

DLIELC is the sole source for all ALC materials.

- › FMS-funded purchases of ALC materials may be obtained by developing a Letter of Offer and Acceptance (LOA) to establish a new FMS case for the purchase of ALC materials. We recommend setting up a blanket order case since it does not require a detailed order of materials to set it up; instead, a case value (total dollar amount) can be requested for ALC materials.
- › Or, purchases may also be funded from a suitable existing FMS case. Please refer to DoD 5105.38-M, Security Assistance Management Manual (SAMM), for instructions.
- › Once the FMS case is set up, download DD Form 1149 and the Order Form from our web site www.DLIELC.edu. After completing the requisition, forward to the appropriate MILDEP International Logistics Center (see addresses below).
- › **Submit fully funded book orders to DLIELC by 1 May. Book orders submitted after 1 May require coordination with 637 TRSS/TLF as to whether or not the order can be filled before the end of the fiscal year.**
